

How to download and install Digisign2 software	
Purpose	Required download for conveyancers, surveyors, and territorial authority certification staff with signing rights
Alerts	<ul style="list-style-type: none"><li>• <b>Digisign2 is only required by customers with signing rights.</b></li><li>• You must be logged in with <b>Administrator rights</b> for this installation.</li></ul>
Step	Description
1	<ul style="list-style-type: none"><li>• <a href="#">Download Digisign2 software (DLL 2MB)</a></li><li>• Ensure that you are logged on to your computer and have Administrator Rights</li></ul> <p>Administrator Rights allow you to change your computer's configuration. If you do not have Administrator Rights, please contact your IT support staff or service provider</p>
2	<ul style="list-style-type: none"><li>• A <i>File Download</i> screen will appear</li><li>• Choose an appropriate file location where the download can be saved (note the location and filename)</li></ul>
Note	We recommend saving to an appropriate file location, so you will not need to download the installation file a second time.
3	<ul style="list-style-type: none"><li>• Once the file has downloaded, open it from the location to where it was saved.</li><li>• If prompted with the Security Warning screen, click <b>Run</b> to install Digisign 2</li></ul>
4	

5

- The Wise Installation Wizard will start

6

- Installation of the software will begin

- Wait for the following dialog and click Finish to complete the installation

7

**Note**

- If you have signing rights with Landonline, you will now have the ability to sign from the computer.
