Subject: FW: RE: Lebanese Society NZ Inc Request 1658496 - Titles _ Titles Information Attention: Robert Westley

Thanks Tim - the Departmental dealing noted was simply to update the title by added "The" into the registered owners name in accordance with the registered transfer 407006, which doesn't appear to affect the part of the societies name that you are asserting is incorrect.

Given that this is perhaps an error in the transfer (if there is one) and not of the Registrar's making, then it would be up to the parties themselves to correct once this has been resolved or we would act on the Court's direction.
