Response to your information requests

Thank you for your various information requests for certain information relating to Lake Taylor and The Lakes.

A review of our records shows that in the last 10 years there have been five discretionary action consents for Lake Taylor and one for The Lakes in addition to the six consent summaries that have been published on our website.

We are currently compiling for release to you the six discretionary action consents that are not published on our website. For your information these do not appear on our website as it only became a requirement to publish certain decision summaries following the amendment to Crown Pastoral Land Act 1988 on 17 November 2022.

In relation to your request for anything that LINZ holds in the way of records, documentation, notes regarding Lake Taylor and The Lakes in the last 10 years would be likely to involve substantial collation and research. Our initial assessment is that even for the last five years your request would involve approximately 300 hundred documents.

Given this we suggest that we provide you with a copy of our recommendations for the 12 discretionary action consents that have been issued over the last 10 years. The recommendations contain information to support the consent decisions. Please confirm whether this suggestion is acceptable to you.

Nāku noa, nā

Sonya Wikitera
Head of Crown Property
