

Dennis MacManus 10/16 1:20 PM

Hi again all - Adrienne's handwritten comments on the Geo and Property Info BIM cross out "Toitu Te Whenua" in every instance of "Toitu Te Whenua LINZ", so that it just says "LINZ" in each instance. I'd be grateful for confirmation that this applies or doesn't apply across all documents. cheers, Dennis

This is to be reconfirmed by Amanda, but potentially yes, that may be the direction we have to go. Hold fire in the interim until we have a clear go/no go on that change.

Waka Kotahi also changed to NZTA, so might have to check other agency naming conventions
