Saving Layout Sheet with Invalid Character causes Landonline to Close .....	2
Spelling Error Found in CSR 2021 Survey Report.....	3

<b>Title</b>	<b>Saving Layout Sheet with Invalid Character causes Landonline to Close</b>
<b>Defect</b>	<b>LOLCM-2272(External)</b>
<b>Description</b>	<p>In Plan Generation   Layout Sheets, if a user enters an invalid character as user added text e.g., 180°, the expected message below is encountered</p>  <p>Lot 7 DP 23575      Lot 16 DP 11033</p> <p>180°</p> <p>If OK is selected, users should be able to then remove the invalid character(s) e.g., the degree symbol. However the following message is encountered instead:</p>  <p>When Ok is selected on this message, users are kicked out of Landonline and there is no way for them to remove the invalid character apart from raising a case to have this scripted out.</p>
<b>Action</b>	<p><b>FIXED</b></p> <ul style="list-style-type: none"> <li>• If an invalid character is entered in Layout sheets, users now only receive message #126036 upon saving or exiting the Layout Sheets</li> <li>• Once OK is selected on the message, users remain in the Layout Sheets and can remove the invalid character(s)</li> <li>• Users can save their layout sheets once the invalid character(s) have been removed</li> </ul>
