- (b) The Freehold Land (shown shaded green on the Plan) is to be disposed by freehold disposal to the Holder as set out in Schedule Three.

1 The Plan

2 Conditions

2.1 This Proposal, and any agreement arising therefrom, is subject to the conditions contained in Schedule Four (if any).

3 Settlement

3.1 Unless otherwise agreed by the parties, the Settlement Date for the disposal of the Freehold Land to the Holder by freehold disposal will be the day that is TEN (10) working days following the day on which Land Information New Zealand notifies the Commissioner that the Final Plan and a copy of this Proposal are registered in accordance with the Act.

3.2 The Freehold Land will be disposed of to the Holder under the Land Act 1948.

3.3 Notwithstanding anything to the contrary, if, as at the Settlement Date (as determined pursuant to clause 3.1), the rent payable under the Lease is subject to a Rent Review, then the Commissioner may elect to:

(a) settle on the Settlement Date on the basis that the Commissioner may retain from the Commissioner's Payment an amount which the Commissioner, acting reasonably, estimates will be payable by the Holder to the Commissioner following agreement or determination of the Rent Review ("the Retention"). The Retention shall be held by the Crown Law Office in an on-call, interest-bearing trust account in the joint names of the parties for their respective rights and interests. Upon agreement or determination of the Rent Review, the Commissioner shall calculate the rent shortfall payable by the Holder to the Commissioner in respect of the period from the effective date of the Rent Review to the Settlement Date, both dates inclusive ("the Shortfall"). If:

(i) the Shortfall is less than the Retention and the net interest earned thereon, the balance shall be paid by the Commissioner to the Holder within TEN (10) working days; or

(ii) the Shortfall is more than the Retention and the net interest earned thereon, the balance shall be paid by the Holder to the Commissioner within TEN (10) working days;

or

(b) defer the Settlement Date until TEN (10) working days after the rent payable as a consequence of the Rent Review:

(i) has been agreed or determined; and

(ii) is not and will not be subject to any appeal, rehearing or other proceedings.

4 Holder's Payment

4.1 By 3.00 p.m. on the Settlement Date, the Holder must pay the Holder's Payment and all other money payable to the Commissioner or the duly appointed agent of the Commissioner by bank cheque without set-off or deduction of any kind in accordance with the settlement requirements of the Commissioner.

4.2 If the Holder fails to pay the Holder's Payment or any part of it or any other money to the Commissioner or to the duly appointed agent of the Commissioner on the Settlement Date clause 19 will apply.

5 Commissioner's Payment

- 5.1 The Commissioner shall pay the Commissioner's Payment to the Holder on the Settlement Date.
- 5.2 No Interest shall be payable to the Holder by the Commissioner in respect of the Commissioner's Payment, including (without limitation) for the period from the Vesting Date to the Settlement Date.

6 Vesting of Crown Land

- 6.1 The Crown Land will vest in the Crown on the Vesting Date.

7 Issue of Certificate of Title

- 7.1 Notwithstanding any other provision in this Proposal, the Commissioner will not request that the Surveyor-General issue a certificate to the Registrar pursuant to section 116 of the Land Act 1948 (to enable a certificate of title to issue for the Freehold Land) unless and until:
 - (a) the Commissioner has received the Holder's Payment from the Holder under clause 4, and all other money payable by the Holder under this Proposal and the Notice;
 - (b) the Holder has provided to the Commissioner duplicate copies of the certificate of title relating to the Lease (if any) and/or the Lease if requested by the Commissioner;
 - (c) the Holder has signed and returned to the Commissioner all documents required by the Commissioner to be signed by the Holder to give effect to this Proposal (including, without limitation, any permit, covenant, easement and/or any other document); and
 - (d) the Holder has procured a registrable discharge of any Mortgage and provided this to the Commissioner together with any new mortgage documents to be registered against the Freehold Land.

8 Registration of Documents

- 8.1 Subject to clause 7, the Commissioner will lodge all documents necessary to give effect to this Proposal (including, without limitation any easement, covenant, discharge of mortgage, and/or duplicate copy of the Lease) and any new mortgage documents to be registered against the certificate of title to be issued for the Freehold Land so that the certificate of title for the Freehold Land will issue subject to the encumbrances provided in this Proposal. Any new mortgage will be registered after any other encumbrances such as any easements and/or covenants are registered.

9 Consents

- 9.1 The Holder must obtain the written consent to the Holder's acceptance of this Proposal from all persons having an interest in the Land (other than the Holder), including, but not limited to:
 - (a) any Mortgagee(s);
 - (b) any party entitled to the benefit of a land improvement agreement registered against the Lease and/or the Land; and
 - (c) any other person that the Commissioner reasonably believes has an interest in the Land or who the Holder reasonably believes has an interest in the Land, whether registered or not.
- 9.2 The consents required under clause 9.1 must be in a form acceptable to the Commissioner in all respects and be returned to the Commissioner with this Proposal on its acceptance by the Holder. Examples of the form of consents required under clause 9.1 are set out in Appendix 1.
- 9.3 The Holder must also obtain, and provide to the Commissioner if requested, all consents necessary for the Holder to accept this Proposal including (without limitation) any:

- 9.4 The Holder will procure the Mortgagee to execute a registrable discharge of the Mortgage and, if required by the Mortgagee, the Holder will execute registrable new mortgage documents and forward these to the Commissioner to be registered as set out in clause 8.
- 9.5 If required by the Mortgagee, the Commissioner will provide an undertaking that, subject to the provisions of clause 7 being satisfied, the Commissioner will register the discharge of the Mortgage and register any new mortgage against the certificate of title for Freehold Land at the same time as the certificate of title for the Freehold Land issues.

10 Continuation of Lease

- 10.1 The Lease will remain in full force and effect until a certificate of title issues for the Freehold Land. Notwithstanding when Settlement Date occurs, until a certificate of title issues for the Freehold Land the Holder will duly and punctually comply with all obligations on its part under the Lease (other than as set out at clause 12.1 (b)) and the Lease will remain in full force and effect.
- 10.2 From the date that a certificate of title is issued for the Freehold Land the Lease is deemed to be surrendered and, subject to clause 10.3, the Commissioner releases and discharges the Holder from the performance and observance of all covenants, conditions and obligations under the Lease.
- 10.3 The release and discharge in clause 10.2:
- (a) is without prejudice to the rights, remedies and powers of the Commissioner contained in the Lease (except as varied in accordance with clause 12.1(b)); and
 - (b) will not release or discharge the Holder from any liability under the Lease, arising prior to the date that the certificate of title for the Freehold Land is issued, under any statute or by any reason where such liability is due to the fault of the Holder.
- 10.4 As from the Vesting Date, the Holder will not have any estate, right or claim against any of the land, improvements, fencing, buildings, structures, fixtures, fittings or chattels on the Crown Land (subject to the provisions of any permit, easement, concession, other encumbrance or document provided under this Proposal). The Holder will not be entitled to any compensation for any of its improvements, fencing, buildings, structures, fixtures, fittings or chattels which are on the Crown Land as at the Vesting Date.

11 Fencing and Construction Works

- 11.1 If the Holder has accepted this Proposal and that acceptance has taken effect pursuant to the Act, the Commissioner will, subject to clauses 11.2 and 14.4, erect at the Commissioner's cost new fencing:

- ("the Fencing").
- 11.2 If the Fencing requires a resource consent or any other consent from any local or territorial authority ("the Fencing Consent"), the following provisions shall apply:
- (a) The Commissioner shall use reasonable endeavours to obtain the Fencing Consent within 6 months of this Proposal taking effect pursuant to the Act.
 - (b) If the Fencing Consent:
 - (i) is not obtained within 6 months of this Proposal taking effect pursuant to the Act; and/or
 - (ii) is obtained on terms which are not satisfactory to the Commissioner in all respects;

the Commissioner may, acting reasonably, elect to do any one or more of the following:

- (iii) erect the Fencing in a position different from that shown on the Plan;
- (iv) erect the Fencing over a shorter distance than that shown on the Plan; or
- (v) erect the Fencing to specifications different from those in Appendix 3.

- 11.3 If the Commissioner has not completed the Fencing by the Settlement Date, the Holder agrees that the Commissioner may register a covenant, on terms entirely satisfactory to the Commissioner (in the Commissioner's sole discretion), over the Freehold Land to enable the Commissioner to complete the Fencing. The Holder will do all things necessary (including signing any document) to enable the Commissioner to register such a covenant.
- 11.4 The ongoing maintenance of the Fencing referred to in clauses 11.1 and 11.2 will be subject to the terms of the Fencing Act 1978.
- 11.5 If the Holder has accepted this Proposal and that acceptance has taken effect pursuant to the Act, the Commissioner will, subject to clause 11.6, undertake the construction works set out in Appendix 3 on the terms and conditions set out in Appendix 3 ("the Construction Works").
- 11.6 If any Construction Works for which the Commissioner is liable, or jointly liable with the Holder, require a resource consent or any other consent from any local or territorial authority ("the Works Consent"), the following provisions shall apply:
- (a) The Commissioner shall use reasonable endeavours to obtain the Works Consent within 6 months of this Proposal taking effect pursuant to the Act.
 - (b) If the Works Consent:
 - (i) is not obtained within 6 months of this Proposal taking effect pursuant to the Act; and/or
 - (ii) is obtained on terms which are not satisfactory to the Commissioner in all respects;
- the Commissioner may, acting reasonably, elect to vary the extent of the Construction Works in question and/or the terms and conditions upon which they are carried out.

12 Apportionments

- 12.1 Rent payable under the Lease in respect of the Freehold Land shall be apportioned as follows:
- (a) Rent paid or payable will be apportioned on the Settlement Date as at the Settlement Date and either deducted from or added to (as the case may be) the amount required to settle.
 - (b) Notwithstanding that the Lease continues in effect until a certificate of title issues for the Freehold Land, the Holder shall not be required to pay any rent under the Lease for the Freehold Land from the Settlement Date.
- 12.2 Rent paid or payable under the Lease for the Crown Land will be apportioned on the Settlement Date as at the Vesting Date and either deducted from or added to (as the case may be) the amount required to settle.
- 12.3 All rates, levies, and all other incomings and outgoings and other charges receivable from or charged upon the Freehold Land will, unless otherwise agreed by the parties, be apportioned on the Settlement Date as at the Settlement Date.
- 12.4 All rates, levies and all other incomings and outgoings and other charges receivable from or charged upon the Crown Land will be apportioned on the Settlement Date as at the Vesting Date and either deducted from or added to (as the case may be) the amount required to settle.

- 12.5 Following the date that a certificate of title issues for the Freehold Land, the Commissioner will undertake a final apportionment and either the Commissioner will pay to the Holder, or the Holder will pay to the Commissioner, any additional amounts due because of any payments made or received by one party on behalf of the other for the period from the Settlement Date to the date on which a new certificate of title issues for the Freehold Land.

13 Risk

- 13.1 On and with effect from the Unconditional Date all risk of any nature in respect of the Freehold Land will pass from the Commissioner to the Holder. For the avoidance of doubt, the Holder's current risk in respect of matters arising under the Lease, including, without limitation, the Holder's risk in respect of all improvements, buildings, fencing, fixtures, fittings and chattels, will continue to remain with the Holder until the Lease is deemed to be surrendered under clause 10.2.
- 13.2 The Holder will be required to comply with its settlement obligations under this Proposal irrespective of any damage to, or destruction of, the Freehold Land prior to the Settlement Date.

14 Survey

- 14.1 All areas of the Land forming part of this Proposal and delineated on the Plan are approximate and subject to preparation of the Final Plan. The measurements of the areas may therefore alter on the Final Plan.
- 14.2 No error, misdescription or amendment of any part of the Land will annul, vary, or derogate from this Proposal, or the Holder's acceptance of this Proposal.
- 14.3 For the avoidance of doubt, the Holder will not be entitled to cancel or withdraw its acceptance of this Proposal, nor will the Holder, or any successor in title of the Holder or any party with an interest in the Land, be entitled to payment of any compensation, should any area of the Land on the Final Plan have a different measurement to the area specified in this Proposal.
- 14.4 The Commissioner does not warrant that any existing fence is erected on, or that any new fence to be erected will be on, any boundaries of the Land or any part of the Land as outlined on the Plan or the Final Plan.

15 Holder's Acknowledgements

- 15.1 If the Holder accepts this Proposal and that acceptance takes effect under the Act, the Holder acknowledges that:
- (a) it is obtaining the freehold interest in the Freehold Land:

- (e) the Holder has no claim (and will not have any claim) whatsoever against the Crown and/or Commissioner in relation to the Tenure Review and/or this Proposal, including (without limitation) any claim for any misrepresentation or for any loss or damage suffered whether in contract, tort (including negligence) or otherwise.

16 No Representations or Warranties by the Commissioner

16.1 The Commissioner gives no representations or warranties of any nature in respect of the Freehold Land. Without limitation, the Commissioner does not warrant:

18.1 The Holder must procure the Holder's solicitors to provide the Commissioner with a solicitor's certificate (in a form satisfactory to the Commissioner, in its reasonable opinion) relating to such matters as the Holder's execution of this Proposal and the Holder's execution of any documents required to give effect to this Proposal (including, without limitation any easement, protective mechanism and/or concession). An example of the form of solicitors certificate required is set out at Appendix 2.

18.2 The Holder must return the completed solicitor's certificate to the Commissioner with this Proposal on its acceptance by the Holder.

19 Default

19.1 If from any cause whatever (except the default of the Commissioner) all or any part of the Holder's Payment or any other money payable by the Holder to the Commissioner is not paid on the due date the Holder will pay to the Commissioner interest at the Default Rate on the part of the Holder's Payment or any other money payable by the Holder to the Commissioner so unpaid from the due date until the date of actual payment in full.

19.2 The Commissioner's rights under this clause 19 are without prejudice to any other rights or remedies available to the Commissioner at law or in equity.

 - (b) the Commissioner and the Holder confirm that as at the Settlement Date:
 - (i) each is acquiring the goods supplied with the intention of using the goods for making taxable supplies; and
 - (ii) the Commissioner and any associated person in terms of section 2A(1)(c) of the GST Act do not intend to use the Crown Land and the Holder and any associated person in terms of section 2A(1)(c) of the GST Act do not intend to use the Freehold Land as a principal place of residence; and
 - (c) the Commissioner and the Holder agree that the supplies evidenced by the Holder's Consideration and the Commissioner's Consideration are to be zero-rated for GST purposes under section 11(1)(mb) of the GST Act.

If the GST treatment of the supplies evidenced by the Holder's Consideration and the Commissioner's Consideration changes as a result of the changed circumstances and a party has already provided the other with a GST invoice, then that party will issue a debit note or credit note, as the case may be, for GST purposes.

21 Lowest price

- 21.1 The Holder's Consideration does not include any capitalised interest and the parties agree that the "lowest price" for the purposes of valuing the Freehold Land under section EW 32(3) of the Income Tax Act 2007 is equal to the Holder's Consideration.

Appendix 3: Indicative Fencing and Construction Requirements

Length and location:	P-Q	320m	(approximately)
	R-S	285m	(approximately)
	T-U	480m	(approximately)
	V-W	55m	(approximately)
	W-X	3630m	(approximately)

Fence line P-Q, R-S:

Type: Fence to be a standard 7 wire sheep/cattle fence

Specifications:

- Fence to be constructed of 5 x 2.5mm h/t wires with a bottom 4.00mm soft wire and a top soft barbed wire. Barbed wire to be reverse twist 2 strand, 2.5mm wire, with a 75mm barb spacing.
- 1 x 3.6m Heavy duty gate in each line midway at nominated waypoint. Gate to be swung to open fully and close onto opposite strainer, secured with a full wrap around type chain.
- 2.1m x 175mm treated timber strainers for end of strains and intermediate corners, stayed or tied back. All strainers either footed or tied down.
- 2.4m x 125mm stay posts
- All tiebacks are to have a minimum of 2 anchor points and all tiedown and tieback wire to be 4.00mm soft wire remaining clear of ground.
- Tiebacks permitted on both sides of fence.
- All wires strained to manufacturers specifications, tied off neatly and securely and remain between 100 and 150mm clear of ground.
- Permanent wire strainers on all strains and a max strain length of 300m for high tensile wire and 250m for 4.00mm wire.
- 1.50m Y-post at 3m max spacing. 2.00kg/m min weight.
- 1.8m x 125mm treated timber posts on high points and at max spacing of 21m
- 1.65m T-irons acceptable as intermediate strainers and intermediate posts if ground conditions do not allow for timber posts to be used.
- 50 x 4 mm barbed staples driven well in but allow wire to run through.
- Sheep netting and top barb for fence endings at bluff offs beyond final fence waypoints to form a stock proof boundary. The exception at point Q where the existing fence can be strained to new fence ending.

The existing fence along the line P-Q is to be pulled out and removed from site.

Fence line T-U:

Type: Fence to be post and wire with Hunter Chain.

Specifications:

- 7 x 3.15mm wire suspended on Hunter Chain style droppers , with droppers at 2m max spacings
- Hunter Chain to be 3.15mm and fixed to top of posts with 3.15mm soft wire designed to release and fall to the ground in the event of a major snow fall.
- 1.8m x125mm treated timber posts at 6m max spacings
- Wires lightly strained with permanent style wire strainers
- Wires on freehold side of fence.
- 2.1m x 175mm treated timber strainer posts, footed or tied down, on ends of strains and all intermediate corners
- 2.4m x 125mm treated timber stay posts
- All end strainers stayed and intermediate corners either stayed or tied back.
- Tie down and tie back wire to be 4.00mm wire remaining clear of ground, with tie backs to have 2 anchor points minimum.
- Tie backs allowed on both sides of fence
- Bottom wire to remain 100-150mm clear of ground.
- All dips and hollows to be tied down
- 50 x 4mm barbed staples
- Sheep netting flood gates across creeks to be constructed and operate independent of fence.
- Sheep netting with a top barb required beyond point "T" fence end to form a stock proof barrier.

Fence line T-U is reasonably straight forward and short. There are 2 main areas for concern regarding significant snow damage, these are where the fence crosses through small steep gullies, 1 near "T" the other near "U". A Hunter chain style of fence is most suitable for this entire fence line from T-U.

Fenceline V-W-X:

Type: 7 wire post and Y-post sheep/cattle fence.

Specifications:

- 1.65m Y-post at 3m max spacings 2.00kg/m min. weight
- 1.8m x 150mm treated timber posts at 12m max spacing

- 2.7m x 175mm treated timber strainers for all fence ends and intermediate corners.
- All strainers to be footed or tied down.
- 2.4m x 125mm treated timber stay posts
- 5 x 2.5mm h/t wires with 1 x 4.00 mm bottom wire and 1 x 2.5mm 2 strand reverse twist soft barbed wire with 75mm barb spacings top wire.
- Barbed wire tied on to Y-post using 3.55mm wire.
- Wires to be on freehold side of fence.
- All wires to be securely and neatly tied of, strained to manufacturers recommendations using permanent type wire strainers.
- Bottom wire to remain 100-150mm above ground
- Tie backs to have at least 2 anchor points, allowed on both sides of fence.
- Tie downs to be 4.00mm wire and to remain clear of ground.
- 3 x 4.27m Heavy duty cattle gates to be installed at nominated points, being 1 at each location where an existing fence line meets with the new line and 1 at fence end point "X". Gates to be swung as to open fully and to close on to opposite strainer post and be secured closed with a full wrap around type hook and chain.
- Netting to be hung across any creek crossing, secured independent to fence and left to swing
- 50 x 4 mm barbed staples driven well in but to allow wire to run through.
- Strains not to exceed 400m for h/t wire and 250m for 4.00mm wires.

The fence line is intended to follow the lower edge of a small terrace, separating matagouri covered upper level land from wetland on the river bed level. Some additional corners may be necessary in this line to achieve this intention and ensure the fence line remains on dry ground.

Between V and W the boundary is to follow the line of an existing 2 wire electric fence with wooden posts. For the section between V and W the specifications are modified as follows:

- The existing fence can be upgraded to a 7 wire fence leaving the existing material in place and adding 1.65m steel Y-posts at 3m spacings between posts.
- The 2 electric wires already in place can be secured to the Y-posts with insulators and 4 new 2.5mm h/t wires pulled through the Y-posts and secured to the existing posts and strainers. A 4.00mm bottom wire can be installed similarly.
- It is not necessary to alter any of the electricals as it is not intended to electrify the fence.
- The 2 existing gateways in fence line V-W are to remain as built.

The Construction Works

A mechanical mulcher is permitted to a maximum width of 2 m either side of the fence line V-W-X if necessary. Apart from this, there is to be no line clearance other than by hand held tools for all fence sections.

If in the course of fencing work it is considered that a specific section of line should be cleared using other machinery then a separate consent from LINZ will be required prior to any work being undertaken. Such consent is to be sought by LINZ's implementation contractor and approval will require an undertaking of:

- Minimal vegetation disturbance
- Not to cause slope instability
- Not to cause erosion or siltation

Earthworks are not required. Should any earthworks be considered then a Works Consent from ECAN must be obtained under the Resource Management Act 1991.
