Dear Tim
**FISH AND GAME RESOURCES REPORT FOR AIRIES TENURE
REVIEW**

The Airies property is located at Burkes Pass and is approximately 1650 hectares in total area. The property is bounded on the North West by the Opihi River, Good legal access is afforded adjacent to the river along the boundary and Fish and Game request this access is retained and marginal strips are applied.

A small section of Duck Stream at the southern boundary of the property appears to be encompassed within the boundaries and we request access be retained along the stream.

The high sunny faces above the Opihi River and across to the central hills provide habitat for Californian quail and chukor. The predecessor of Fish and Game (The Acclimatisation Society) released these upland gamebirds into these areas for some years in the 1970's. These areas still provide good hunting opportunity.

If you require any further information regarding this property please do not hesitate to contact me.

Yours Sincerely
