CHETWYND TENURE REVIEW
FISH AND GAME RESOURCES REPORT: 25 MAY 2006
Prepared by Central South Island Fish and Game under the provisions of the
Crown Pastoral Land Act (1998)

Introduction: The Chetwynd property is located at Fairlie and covers approximately 800 hectares.

Fish and Game values:

Coal and Tramway Streams do contain Fish and Game values as spawning habitat for brown trout, although this is likely to be limited.

Upland gamebird habitat and hunting opportunity exist on the Albury Range and sunny faces.

Overall Fish and Game values are limited on this property. If you require any further information please do not hesitate to contact me.

Yours Sincerely
