2 Conditions

- 2.1 This Proposal, and any agreement arising therefrom, is subject to the conditions contained in Schedule Four (if any).

3 Settlement

- 3.1 Unless otherwise agreed by the parties, the Settlement Date for the disposal of the Freehold Land to the Holder by freehold disposal will be the day that is TEN (10) working days following the day on which Land Information New Zealand notifies the Commissioner that the Final Plan and a copy of this Proposal are registered in accordance with the Act.

- 3.2 The Freehold Land will be disposed of to the Holder under the Land Act 1948.

- 3.3 Notwithstanding anything to the contrary, if, as at the Settlement Date (as determined pursuant to clause 3.1), the rent payable under the Lease is subject to a Rent Review, then the Commissioner may elect to:

(a) settle on the Settlement Date on the basis that the Commissioner may retain from the Commissioner's Payment an amount which the Commissioner, acting reasonably, estimates will be payable by the Holder to the Commissioner following agreement or determination of the Rent Review ("the Retention"). The Retention shall be held by the Crown Law Office in an on-call, interest-bearing trust account in the joint names of the parties for their respective rights and interests. Upon agreement or determination of the Rent Review, the Commissioner shall calculate the rent shortfall payable by the Holder to the Commissioner in respect of the period from the effective date of the Rent Review to the Settlement Date, both dates inclusive ("the Shortfall"). If:

(i) the Shortfall is less than the Retention and the net interest earned thereon, the balance shall be paid by the Commissioner to the Holder within TEN (10) working days; or

(ii) the Shortfall is more than the Retention and the net interest earned thereon, the balance shall be paid by the Holder to the Commissioner within TEN (10) working days;

or

(b) defer the Settlement Date until TEN (10) working days after the rent payable as a consequence of the Rent Review:

(i) has been agreed or determined; and

(ii) is not and will not be subject to any appeal, rehearing or other proceedings.

4 Holder's Payment

- 4.1 By 3.00 p.m. on the Settlement Date, the Holder must pay the Holder's Payment and all other money payable to the Commissioner or the duly appointed agent of the Commissioner by bank cheque without set-off or deduction of any kind in accordance with the settlement requirements of the Commissioner.

Any new mortgage will be registered after any other encumbrances such as any easements and/or covenants are registered.

3. Values of Land to be Protected

The protection of the landscape and historical values of the Land.

Landscape

The covenant area comprises the western-facing slopes above 850m asl that overlook the upper Mātaura valley. The dominant vegetation cover throughout this tall grassland zone is narrow-leaved snow tussock with a representation of sub alpine *Dracophyllum*, golden spaniard and dwarf snowberry.

There are several gullies on the front faces. These generally contain some mingimingi, matagouri, tutu (*Coriaria sarmentosa*), prickly shield fern (*Polystichum vestitum*). Also present are occasional *Aciphylla glaucescens*, golden speargrass (*Aciphylla aurea*) and other species.

The covenant area contains inherent landscape values principally due to the simplicity and intactness of the tall grasslands being overlaid on varying landforms. In aesthetic terms, the area conveys a strong sense of coherence and visual harmony owing to the fine texture and near-monochromatic tonal range of the tussocklands.

The covenant area has a high visual resource value attributable to its accessibility from State Highway 6, especially when travelling southwards. State Highway 6 between Queenstown and the Five Rivers junction is a part of the nationally significant tourist route that links Queenstown with Milford Sound.

¹ State street address not Post Office Box number.

ERT

Historical

Diggers Creek Race

This race is sometimes called the Fosters Creek Race, and in places consists of two water races running parallel to one another. The race is notable for the number of major siphons along its length, especially in Fosters Creek where they are used to cross the many steep gullies of its tributaries. The race also includes features typical of races of this length and scale, such as feeder races, overflow sills, spillways, and remains of racemans huts. The race is significant for its association with Choie Sew Hoy, who was a well known leader of the Chinese community.

SCHEDULE 2

Special Conditions

1. Clause 3.1.1 is deleted and replaced with the following:

3.1.1 grazing of the Land by livestock other than sheep and/or cattle;
2. The Owner permits the Minister or any employee of the Director-General, to erect interpretive signs within the covenant area.
3. The Owner will meet his/her obligations to protect any archaeological sites on the Land as required by section 10 of the Historic Places Act 1993, and in particular take care not to destroy, damage or modify, or cause to be destroyed, damaged or modified the Diggers Creek Race or any part thereof on the Land.
4. The Owner shall abide by an 'Accidental Discovery Protocol' in regards to the finding or suspicion of finding on the Land an archaeological site, or protected New Zealand object as those terms are respectively defined in Section 2 of the Historic Places Act 1993, and in section 2 of the Protected Objects Act 1975. An 'Accidental Discovery Protocol' shall require that when an archaeological site, or protected New Zealand object are found or are suspected to be found on the Land the Area Office of the New Zealand Historic Places Trust must be contacted immediately.
