

Crown Pastoral Land Tenure Review

Lease name : LILYBANK

Lease number : PT 002

Due Diligence Report (including Status Report) - Part 3

This report and attachments results from a pre-Tenure Review assessment of the pastoral lease for the purpose of confirming land available for Tenure Review and any issues, rights or obligations attaching to it. The information is gathered from files and other sources available to the LINZ contractor.

Part of the information relates to research on the status of the land, resulting in a Status Report that is signed off by a LINZ approving officer. The remainder of the information is not analysed for relevancy or possible action until required, and LINZ does not guarantee its accuracy or completeness as presented.

The report attached is released under the Official Information Act 1982.

Land Status Report**

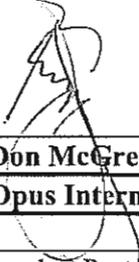

Project Number: 6NL 788 TR (CH 0030)

This report has been prepared on the instruction of Land Information New Zealand in terms of Contract No: 50239 dated 30 September 2000 and is undertaken for the purposes of the Crown Pastoral Land Act 1998.

LAND STATUS REPORT for Lilybank Tenure Review		LIPS Ref: 12788
Property	1	of 3
Land District	Canterbury.	
Legal Description	Part Run 78 situated in Blocks III VII X XIV XVI Godley II III VI and VII Tekapo North Survey Districts and Section 2, SO 19981.	
Area	2135.6656.	
Status	Crown land subject to the Land Act 1948.	
Instrument of title / lease	Balance Pastoral Lease 10K/888 pursuant to Section 66 and registered under Section 83 of the Land Act 1948 as a substitute title of leasehold land held in CL 529/2 as varied by Memorandum of Renewal 732520/1.	
Encumbrances	Subject to: <ol style="list-style-type: none"> 1. Land Improvement Agreements No. 286745/1 and 830901/1 under Section 30 of the Soil Conservation and Rivers Control Act 1941. 2. Section 8 of the Coal Mines Amendment Act, 1950, this lease is subject to the reservation to the lessor of all coal existing or under the surface of the land and subject also to the reservation to the lessor of the power to grant coal mining rights over the land under Part I of the Coal Mines Act 1925. 3. Variation A 387257/3 whereby from 30 November 1998, notwithstanding the provisions of Clause 13 and covenants (a) and (f), the lessee shall not depasture stock but may move stock across that part of the land known as Section 2 from and to adjacent lands. To ensure compliance, the lessee shall maintain stock proof fences on the boundaries of the said Section 2. 4. Part IVA of the Conservation Act 1987 upon disposition. 	
Mineral Ownership	The mines and minerals are owned by the Crown because the land has never been alienated from the Crown since its acquisition for settlement purposes from the former Maori owners under the 1848 Kemp Purchase.	
Statute	Land Act 1948 and Crown Pastoral Land Act 1998.

<p>Notes : This information does not affect the status of the land but was identified as possibly requiring further investigation at the due diligence stage : See Crown Pastoral Standard 6 paragraph 6.</p>	<ol style="list-style-type: none"> 1. Pastoral Lease CL 10K/1088 is a substitute title of the leasehold interest in CL 529/2. CL 529/2 contains a notation for Section 58 strips to be excluded from the lease along all rivers and streams over 3 metres in width. This was also denoted on SO's 11076 and 17867. These strips are notional only. 2. The lessee was given Notice of the rent review on 21 December 1994 and accepted the values and the new rental payable on 18 January 1995. The rent was effective from 1 July 1984 but a Variation has not yet been registered against the lease. 3. The surrender and gazettal of Section 1, SO 19981 for Conservation purposes has resulted in two small areas of land in the upper Macauley River valley remaining within but being severed from the balance lease area. 4. The question of public access through Lilybank to the Macauley and Godley river valleys has been a vexed question between successive lessees and recreational users. <p>SO's 11914 and 11915 redefined the topographical definition of the legal roads. Some formed but not legal roads exist.</p> <p>In 1979 the then lessee sought the relocation of public access to the Godley valley (at its expense) to overcome a conflict with its deer farming operations. The Mackenzie County (now District) Council was approached and the understanding was in late 1979 that the County Engineer had been instructed to arrange survey. No survey has been approved or legalisation action undertaken (folios 97, 100 and 134 on Pt 002).</p> <p>In late 1995 KFL, DOC and Council representatives met with the lessees resulting in recommendations being made on public access to the Macauley and Godley valleys. As a baseline the existing legal roads were flagged by the Crown and signage erected. The intention was to agree on a firm negotiated route with the lessees with a view to legalisation if deemed necessary. No further action has been undertaken although it would appear that a controlled situation exists (copies of relevant reports etc</p>

PASTORAL LEASE STATUS CHECKS - BRAEMAR AND LILYBANK

I refer to your letter of 17 January 2001.

BRAEMAR

I have checked the Department of Conservation's land records. There is no land 'inside' the boundary of the Braemar Pastoral Lease in which the Department of Conservation has an interest.

You are already aware that the Department has an interest in the former Pastoral Occupation Licence area. This is Section 1 SO 19398. The file records indicate that the CCL approved the transfer of the land to the Department, and agreed to the Department managing the land until it has been gazetted. The land has not yet been gazetted as Conservation Act land at the time of writing, but this is imminent (hopefully within 6 months).

As the land is not formally part of the Conservation estate, there will not have been any concessions granted over this land. It would appear to be Crown Land, albeit managed by the Department under an agreement with the CCL.

Adjoining the lease boundary in the north-western corner is an area known as the Mt Cook Station retirement area, which is in a similar position. The land has been earmarked for return to the Conservation estate as well, but it has not been surveyed according to my records, and is not as well advanced. The same situation applies with respect to concessions as with the Braemar POL.

LILYBANK

The land earmarked for surrender in the Lilybank boundary has already been completed, and I note the title has been altered to reflect the surrender. As such there is no longer any part of the pastoral lease in which the Department of Conservation has an interest.

There may well be some concessions issued over the surrendered land, but as it now sits outside the lease boundaries I have not sought any details from our concessions team.

As with all other leases, there is the question of marginal strips. Lilybank was renewed in 1984, prior to the passing of the Conservation Act 1987, so if there are any marginal strips on this property they will be the old "Section 58" strips. My understanding is that this property was the test case where the decision not to note the Certificates of Title was determined. With respect to this matter, I am sure you know more than I do. There is no notation on the lease document, and no marginal strips show up on Terraview.

Braemar is not due to be renewed until 2002. The title has the old Section 58 notation suggesting that Section 58 strips have been set aside, but there is considerable doubt about the validity of the notation. It would seem that marginal strips will be set aside upon renewal next year.

It is practically impossible to identify with any certainty whether a marginal strip is in place if it is not shown on a survey plan. Some marginal strips are shown on the DOC estate maps, and others are not. If there is no marginal strip shown on our allocation records, I have not identified them. No marginal strips are shown on our allocation records within the boundary of either Lilybank or Braemar.

Yours faithfully
