APPENDIX 3

PHOTO SUPPLEMENT TO SUBMISSION OF ROYAL FOREST AND BIRD PROTECTION SOCIETY ON KAIWARUA, MT CECIL AND MT STUDHOLME PRELIMINARY PROPOSAL

Photo 1 Areas A and B. From photo point 1 on south bank of North Branch of Waihao River looking east into two northern most valleys on Kaiwarua which drain to the river. Track on the right is spur track to Mt Blyth. Note dense indigenous shrubland and snow tussock cover with no pastoral or farming values on scree slopes and on valley sides and bottoms. Farm use would require the destruction of these SIVs.

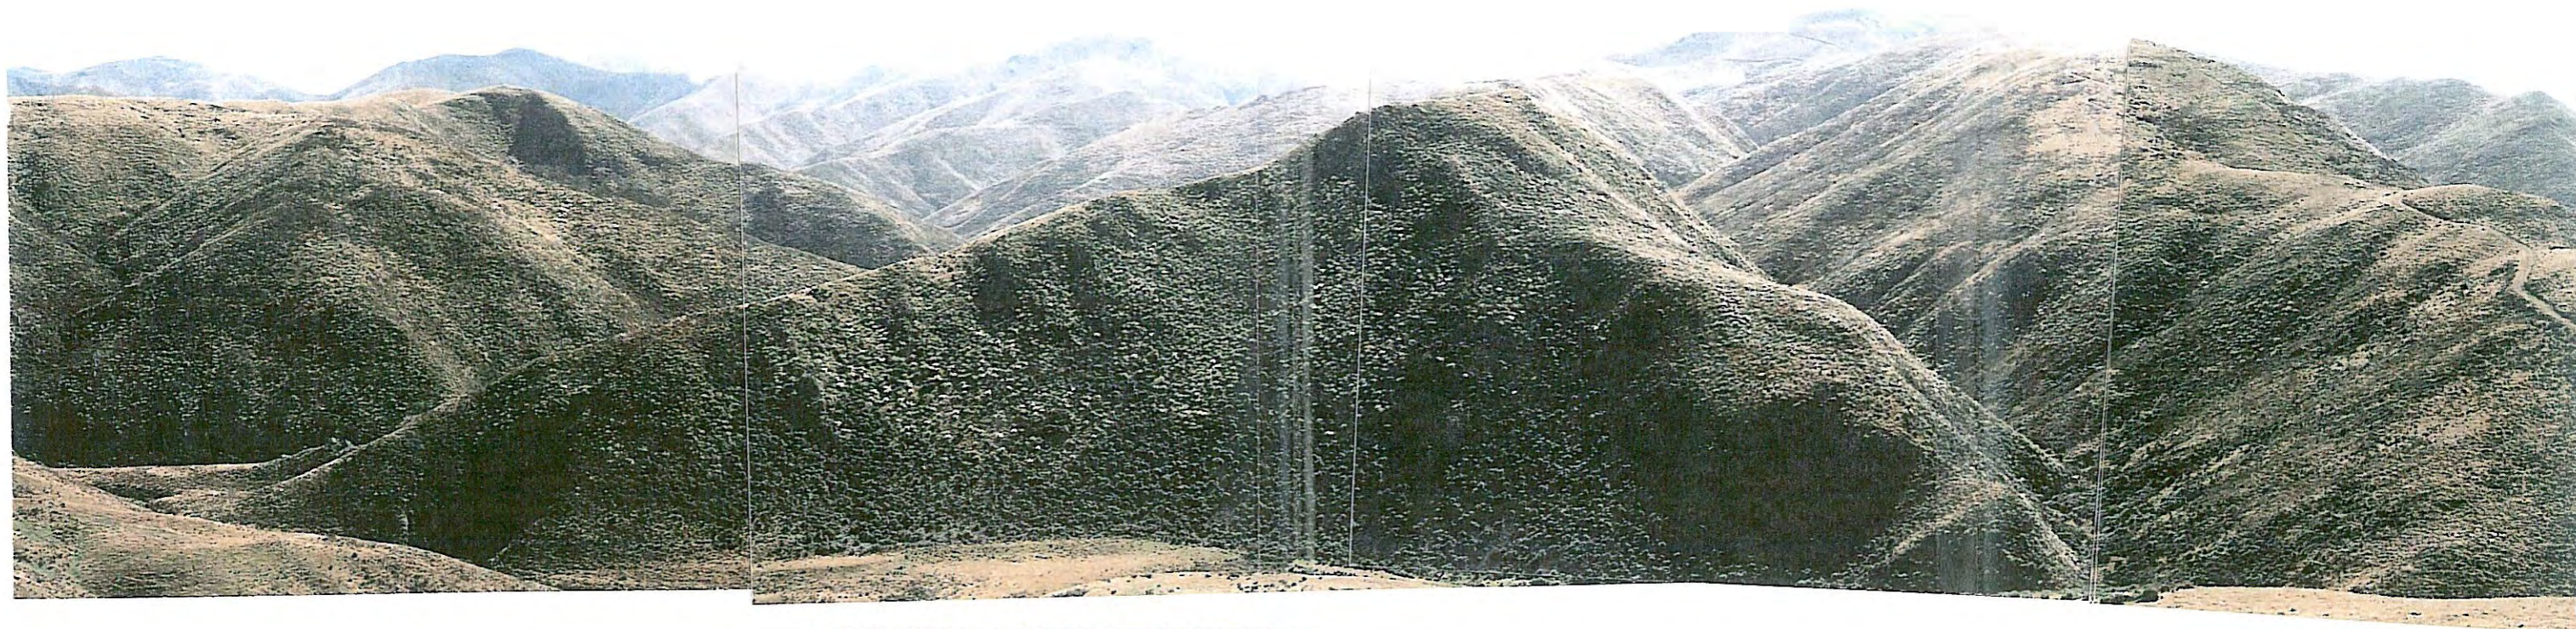

Photo 2 Area A. South facing slopes of gully immediately to north of Mt Blyth track. Note dense *Chionochloa rigida* grasslands, shrublands and rock outcrops. (Taken from photo point 2).
