Recreation permit under Sec 66A Land Act 1948, issued to Omahau Downs Limited for a period of 27 years and 8 months commencing on the 1st day of November 2000, expiring at the end of the lease 30 June 2028, for a bed and breakfast operation using the shearers' quarters and/or a dwelling within the steading area on Omahau Downs Pastoral Lease. (RPt 82).

4. Summarise any Government programmes approved for the lease:

Rabbit and Land Management Programme established for the whole pastoral lease prior to subdivision which involved extensive oversowing and topdressing plus monitoring and \$12,000 of rabbit netting fences. The oversowing and topdressing largely enhanced previously oversowing and topdressing plus adding 508 hectares of new oversowing and topdressing. While much of the work took place on the hill block, not the subject of this lease, nevertheless the whole of the lease under review was topdressed under the programme.

5. Summary of Land Status Report:

Crown Land subject to the Land Act 1948

All land in CT 47C/170 pursuant to Sect 93 Land Act 1948 as registered under Sec 83 Land Act 1948. Legal description and area as set out under (1) above.

Subject to Section 241 (2) Resource Management act 1991.

Subject to Part IVa Conservation Act 1987 upon disposition.

Minerals remain with the Crown.

6. Review of topographical and cadastral data:

A small flat land property bounded by SH8 and Ruataniwha Road adjoining the town of Twizel. Road boundaries are fenced as is the boundary with Ben Ohau to the north and the Twizel River to the west although this latter fence may not be on the legal boundary. Towards the south-west the Twizel River transects the property and is not fenced.

There is no certainty that the Twizel River flows in its designated bed and in places is known to be flowing outside its bed as depicted on SO 20049.

In addition to the normal range of steading buildings which includes two dwellings and an old dwelling which serves a shearer's quarters and bed and breakfast accommodation, there are three other places of residence. No file record of their authorisation can be found on file and they were the subject of a rehearing at transfer and a decision by the Commissioner dated 27 February 1998 at Folio 571. The lessee was advised in a letter dated 3 March 1998 folio 580. A dwelling on R4679 SO 8533 may encroach onto Section 3 and formed access to the house crosses Section 3. There is no

legal right to this occupation.

7. Details of any neighbouring Crown or conservation land

There is no neighbouring conservation or Crown Land known that has potential to be included in the tenure review.

Note that there is a legal road (unformed) in and about the Twizel River which is a further complication in being able to tidy up what is a messy river, road and property boundary area.

8. Summarise any uncompleted actions or potential liabilities:

- 1 There are five compensation certificates still registered against the lease, which do not appear to have been fully satisfied.
- 2 A Land Improvement Agreement is registered against the lease to protect the investment of the Rabbit and Land Management Programme.
- 3 An easement to drain sewage is registered and needs to be noted but should not impinge on being able to complete a tenure review.
- 4 The Status Check has a note raising the issue of 9.6950 ha (Pt Run 292) as being covered by running water and was to have been excluded from the leasehold title. There is no evidence that the land was to be excluded from the title except for a notation on SO 20049 but is not supported by any decision of the Commissioner of Crown Lands or his delegate, in fact the Commissioner of Crown Lands' delegate specifically agreed with the DLR that the area should remain in the lease to issue the new title and that removal of the area could occur at some time in the future, ie on freeholding or at lease renewal. It is an issue that can be dealt with through the tenure review process.
- 5 At the time of consent to transfer it was discovered that three places of residence, not authorised, existed on the lease. Resolution of the matter is still outstanding, the lessee having been given a temporary reprieve. Letter from Commissioner of Crown Lands 27 February 1998 at Folio 571 on file Pt 092.
- 6 There is encroachment by the dwelling on Reserve 4679 SO 8533 (pers. comm. RWS). There is no known liability to the Crown.
- 7 SO 11669 shows a proposed easement for an Electric Power Line. There is no previous or subsequent reference to this other than it also being recorded on SO 11678.

Dear Sir

Application For Rehearing - Omahau Pastoral Lease

I refer to your letter of 27 January 1998 and submission.

Following receipt of your submission I sought further legal advice, a copy of which is attached. I have now had an opportunity to consider your submission and the further legal advice and I have made the following decisions :-

1. I have decided to grant a rehearing
2. As a result, I have decided to modified my earlier decision as detailed in Condition 11 of your letter of 12 December 1997 as follows;
 - (a) The transferor, transferee and occupiers are to be advised that the occupation is not authorised under the terms of the pastoral lease or the Land Act 1948.
 - (b) That being the case, it is appropriate that the issue of the future tenure of the land is addressed with the lessee or that action is taken to require the removal of the unauthorised dwellings on the lease. Accordingly, I therefore give notice that the incoming lessee has a period of two years expiring 31 March 2000 to address the future tenure of the land subject to the lease with me. In the interim period, I will take no action in respect of the unauthorised occupation. The matter of tenure is to be addressed in accordance with the Land Act 1948.
 - (c) If the matter is not satisfactorily resolved by 31 March 2000, I will consider taking action under the Land Act for the unauthorised occupation.

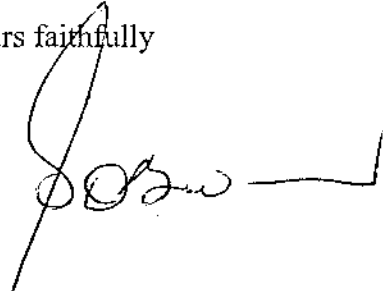

It is a condition of my decision that the transferor and transferee must acknowledge this condition in writing, and further that the transferor must obtain

acknowledgement in writing from the occupiers that they are aware of this condition.

OFFICIAL INFORMATION ACT

3. The transferor, transferee and occupiers are to be advised that they have a right to apply for a rehearing of my decision as outlined under 2 above. You should therefore recite section 17 of the Land Act 1948 fully when advising the parties of my decision.

Yours faithfully

OFFICIAL INFORMATION ACT

Dear Sir

APPLICATION TO TRANSFER PASTORAL LEASE : OMAHAU

I refer to your letter dated 5 January 1998 appealing Clause 11 of the conditions of consent to subdivide and transfer the Omahau Pastoral Lease. In considering the application pursuant to Section 17 Land Act 1948, the Commissioner has made the following decisions:

- 1 He has decided to grant a re-hearing.
- 2 As a result, he has decided to modify his earlier decision as detailed in Condition 11 of the letter from this office of 12 December 1997 as follows:
 - (a) The transferor, transferee and occupiers are to be advised that the occupation is not authorised under the terms of the pastoral lease or the Land Act 1948.
 - (b) That being the case, it is appropriate that the issue of the further tenure of the land is addressed with the lessee or that action is taken to require the removal of the unauthorised dwellings on the lease. Accordingly, the Commissioner of Crown Lands therefore gives notice that the incoming lessee has a period of two years expiring 31 March 2000 to address the future tenure of the land subject to the lease with the Commissioner. In the interim period, he will take no action in respect of the unauthorised occupation. The matter of tenure is to be addressed in accordance with the Land Act 1948.
 - (c) If the matter is not satisfactorily resolved by 31 March 2000, the Commissioner will consider taking action under the Land Act for the unauthorised occupation.

It is a further condition of this decision that the transferor and the transferee must acknowledge this condition in writing, and further that the transferor must obtain the acknowledgement in writing from the occupiers that they are aware of this condition.

3 The transferor, transferee and occupiers are hereby advised that they have a right to apply for a rehearing of the decision as outlined under 2 above.

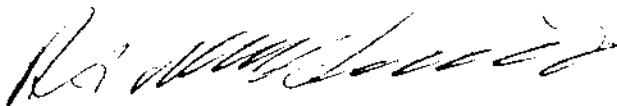

Please note that under the provisions of Section 17, Land Act 1948 you have the right to apply for a rehearing of the Commissioner's decision. Section S17(1) states:

17. Application for rehearing - (1) Any person aggrieved by any decision of the Commissioner or any determination of an administrative nature by the Commissioner may, within 21 days after being notified of that decision or determination, apply to the Commissioner for a rehearing, and the Commissioner may, at any time within one month after receiving the application, grant a rehearing of the case if he/she thinks justice requires it and on the rehearing may reverse, alter, modify or confirm the previous decision or determination in the same case.
