### **Summary of Designations**

---

Under this Proposal, the Land is designated as follows:

- (a) The Crown Land (shown edged in red on the Plan) is to be restored to, or retained by, the Crown as set out in Schedules One and Two; and
- (b) The Freehold Land (shown edged in green on the Plan) is to be disposed by freehold disposal to the Holder as set out in Schedule Three.

## **1      The Plan**

---

## **2 Conditions**

---

- 2.1 This Proposal, and any agreement arising therefrom, is subject to the conditions contained in Schedule Four (if any).

## **3 Settlement**

---

- 3.1 Unless otherwise agreed by the parties, the Settlement Date for the disposal of the Freehold Land to the Holder by freehold disposal will be the day that is TEN (10) working days following the day on which Land Information New Zealand notifies the Commissioner that the Final Plan and a copy of this Proposal are registered in accordance with the Act.

- 3.2 The Freehold Land will be disposed of to the Holder under the Land Act 1948.

- 3.3 Notwithstanding anything to the contrary, if, as at the Settlement Date (as determined pursuant to clause 3.1), the rent payable under the Lease is subject to a Rent Review, then the Commissioner may elect to:

(a) settle on the Settlement Date on the basis that the Commissioner may retain from the Commissioner's Payment an amount which the Commissioner, acting reasonably, estimates will be payable by the Holder to the Commissioner following agreement or determination of the Rent Review ("the Retention"). The Retention shall be held by the Crown Law Office in an on-call, interest-bearing trust account in the joint names of the parties for their respective rights and interests. Upon agreement or determination of the Rent Review, the Commissioner shall calculate the rent shortfall payable by the Holder to the Commissioner in respect of the period from the effective date of the Rent Review to the Settlement Date, both dates inclusive ("the Shortfall"). If:

(i) the Shortfall is less than the Retention and the net interest earned thereon, the balance shall be paid by the Commissioner to the Holder within TEN (10) working days; or

(ii) the Shortfall is more than the Retention and the net interest earned thereon, the balance shall be paid by the Holder to the Commissioner within TEN (10) working days;

or

(b) defer the Settlement Date until TEN (10) working days after the rent payable as a consequence of the Rent Review:

(i) has been agreed or determined; and

(ii) is not and will not be subject to any appeal, rehearing or other proceedings.

## **4 Holder's Payment**

---

- 4.1 By 3.00 p.m. on the Settlement Date, the Holder must pay the Holder's Payment and all other money payable to the Commissioner or the duly appointed agent of the Commissioner by bank cheque without set-off or deduction of any kind in accordance with the settlement requirements of the Commissioner.
- 4.2 If the Holder fails to pay the Holder's Payment or any part of it or any other money to the Commissioner or to the duly appointed agent of the Commissioner on the Settlement Date clause 19 will apply.

## **5 Commissioner's Payment**

---

- 5.1 The Commissioner shall pay the Commissioner's Payment to the Holder on the Settlement Date.
- 5.2 No interest shall be payable to the Holder by the Commissioner in respect of the Commissioner's Payment, including (without limitation) for the period from the Vesting Date to the Settlement Date.

## **6 Vesting of Crown Land**

---

- 6.1 The Crown Land will vest in the Crown on the Vesting Date.

## **7 Issue of Certificate of Title**

---

- 7.1 Notwithstanding any other provision in this Proposal, the Commissioner will not request that the Surveyor-General issue a certificate to the Registrar pursuant to section 116 of the Land Act 1948 (to enable a certificate of title to issue for the Freehold Land) unless and until:
- (a) the Commissioner has received the Holder's Payment from the Holder under clause 4, and all other money payable by the Holder under this Proposal and the Notice;
  - (b) the Holder has provided to the Commissioner duplicate copies of the certificate of title relating to the Lease (if any) and/or the Lease if requested by the Commissioner;
  - (c) the Holder has signed and returned to the Commissioner all documents required by the Commissioner to be signed by the Holder to give effect to this Proposal (including, without limitation, any permit, covenant, easement and/or any other document); and
  - (d) the Holder has procured a registrable discharge of any Mortgage and provided this to the Commissioner together with any new mortgage documents to be registered against the Freehold Land.

## **8 Registration of Documents**

---

- 8.1 Subject to clause 7, the Commissioner will lodge all documents necessary to give effect to this Proposal (including, without limitation any easement, covenant, discharge of mortgage, and/or duplicate copy of the Lease) and any new mortgage documents to be registered against the certificate of title to be issued for the Freehold Land so that the certificate of title for the Freehold Land will issue subject to the encumbrances provided in this Proposal. Any new mortgage will be registered after any other encumbrances such as any easements and/or covenants are registered.

## **9 Consents**

---

- 9.1 The Holder must obtain the written consent to the Holder's acceptance of this Proposal from all persons having an interest in the Land (other than the Holder), including, but not limited to:
- (a) any Mortgagee(s);
  - (b) any party entitled to the benefit of a land improvement agreement registered against the Lease and/or the Land; and
  - (c) any other person that the Commissioner reasonably believes has an interest in the Land or who the Holder reasonably believes has an interest in the Land, whether registered or not.
- 9.2 The consents required under clause 9.1 must be in a form acceptable to the Commissioner in all respects and be returned to the Commissioner with this Proposal on its acceptance by the Holder. Examples of the form of consents required under clause 9.1 are set out in Appendix 1.
- 9.3 The Holder must also obtain, and provide to the Commissioner if requested, all consents necessary for the Holder to accept this Proposal including (without limitation) any:

- (b) consent required under the Overseas Investment Act 2005 and the Overseas Investment Regulations 2005.

- 9.4 The Holder will procure the Mortgagee to execute a registrable discharge of the Mortgage and, if required by the Mortgagee, the Holder will execute registrable new mortgage documents and forward these to the Commissioner to be registered as set out in clause 8.
- 9.5 If required by the Mortgagee, the Commissioner will provide an undertaking that, subject to the provisions of clause 7 being satisfied, the Commissioner will register the discharge of the Mortgage and register any new mortgage against the certificate of title for Freehold Land at the same time as the certificate of title for the Freehold Land issues.

## **10 Continuation of Lease**

---

- 10.1 The Lease will remain in full force and effect until a certificate of title issues for the Freehold Land. Notwithstanding when Settlement Date occurs, until a certificate of title issues for the Freehold Land the Holder will duly and punctually comply with all obligations on its part under the Lease (other than as set out at clause 12.1 (b)) and the Lease will remain in full force and effect.
- 10.2 From the date that a certificate of title is issued for the Freehold Land the Lease is deemed to be surrendered and, subject to clause 10.3, the Commissioner releases and discharges the Holder from the performance and observance of all covenants, conditions and obligations under the Lease.
- 10.3 The release and discharge in clause 10.2:
  - (a) Is without prejudice to the rights, remedies and powers of the Commissioner contained in the Lease (except as varied in accordance with clause 12.1(b)); and
  - (b) will not release or discharge the Holder from any liability under the Lease, arising prior to the date that the certificate of title for the Freehold Land is issued, under any statute or by any reason where such liability is due to the fault of the Holder.
- 10.4 As from the Vesting Date, the Holder will not have any estate, right or claim against any of the land, improvements, fencing, buildings, structures, fixtures, fittings or chattels on the Crown Land (subject to the provisions of any permit, easement, concession, other encumbrance or document provided under this Proposal). - (iii) erect the Fencing in a position different from that shown on the Plan;
- (iv) erect the Fencing over a shorter distance than that shown on the Plan; or

11.3 If the Commissioner has not completed the Fencing by the Settlement Date, the Holder agrees that the Commissioner may register a covenant, on terms entirely satisfactory to the Commissioner (in the Commissioner's sole discretion), over the Freehold Land to enable the Commissioner to complete the Fencing. The Holder will do all things necessary (including signing any document) to enable the Commissioner to register such a covenant.

11.4 The ongoing maintenance of the Fencing referred to in clauses 11.1 and 11.2 will be subject to the terms of the Fencing Act 1978.

11.6 If any Construction Works for which the Commissioner is liable, or jointly liable with the Holder, require a resource consent or any other consent from any local or territorial authority ("the Works Consent"), the following provisions shall apply:

- (a) The Commissioner shall use reasonable endeavours to obtain the Works Consent within 6 months of this Proposal taking effect pursuant to the Act.
- (b) If the Works Consent:
  - (i) is not obtained within 6 months of this Proposal taking effect pursuant to the Act; and/or

the Commissioner may, acting reasonably, elect to vary the extent of the Construction Works in question and/or the terms and conditions upon which they are carried out.

- (b) Notwithstanding that the Lease continues in effect until a certificate of title issues for the Freehold Land, the Holder shall not be required to pay any rent under the Lease for the Freehold Land from the Settlement Date.

12.2 Rent paid or payable under the Lease for the Crown Land will be apportioned on the Settlement Date as at the Vesting Date and either deducted from or added to (as the case may be) the amount required to settle.

12.3 All rates, levies, and all other incomings and outgoings and other charges receivable from or charged upon the Freehold Land will, unless otherwise agreed by the parties, be apportioned on the Settlement Date as at the Settlement Date.

- 12.4 All rates, levies and all other incomings and outgoings and other charges receivable from or charged upon the Crown Land will be apportioned on the Settlement Date as at the Vesting Date and either deducted from or added to (as the case may be) the amount required to settle.
- 12.5 Following the date that a certificate of title issues for the Freehold Land, the Commissioner will undertake a final apportionment and either the Commissioner will pay to the Holder, or the Holder will pay to the Commissioner, any additional amounts due because of any payments made or received by one party on behalf of the other for the period from the Settlement Date to the date on which a new certificate of title issues for the Freehold Land.

### **13 Risk**

---

- 13.1 On and with effect from the Unconditional Date all risk of any nature in respect of the Freehold Land will pass from the Commissioner to the Holder. For the avoidance of doubt, the Holder's current risk in respect of matters arising under the Lease, including, without limitation, the Holder's risk in respect of all improvements, buildings, fencing, fixtures, fittings and chattels, will continue to remain with the Holder until the Lease is deemed to be surrendered under clause 10.2.
- 13.2 The Holder will be required to comply with its settlement obligations under this Proposal irrespective of any damage to, or destruction of, the Freehold Land prior to the Settlement Date.

### **14 Survey**

---

- 14.1 All areas of the Land forming part of this Proposal and delineated on the Plan are approximate and subject to preparation of the Final Plan. The measurements of the areas may therefore alter on the Final Plan.
- 14.2 No error, misdescription or amendment of any part of the Land will annul, vary, or derogate from this Proposal, or the Holder's acceptance of this Proposal.
- 14.3 For the avoidance of doubt, the Holder will not be entitled to cancel or withdraw its acceptance of this Proposal, nor will the Holder, or any successor in title of the Holder or any party with an interest in the Land, be entitled to payment of any compensation, should any area of the Land on the Final Plan have a different measurement to the area specified in this Proposal.

### **15 Holder's Acknowledgements**

---

- 15.1 If the Holder accepts this Proposal and that acceptance takes effect under the Act, the Holder acknowledges that:
- (a) it is obtaining the freehold interest in the Freehold Land:

- (e) the Holder has no claim (and will not have any claim) whatsoever against the Crown and/or Commissioner in relation to the Tenure Review and/or this Proposal, including (without limitation) any claim for any misrepresentation or for any loss or damage suffered whether in contract, tort (including negligence) or otherwise.

An example of the form of solicitors certificate required is set out at Appendix 2.
- 18.2 The Holder must return the completed solicitor's certificate to the Commissioner with this Proposal on its acceptance by the Holder.

## **21 Lowest price**

- 21.1 The Holder's Consideration does not include any capitalised interest and the parties agree that the "lowest price" for the purposes of valuing the Freehold Land under section EW 32(3) of the Income Tax Act 2007 is equal to the Holder's Consideration.

ACCESS FOR STOCK AND FARM MANAGEMENT PURPOSES ON CONSERVATION LAND (Refer Document DOCDM – 855635)

[Explanatory note: This information is required in the event that the CCL accepts the recommendation of the Director-General to designate land as land to be restored to or retained in Crown control subject to the granting of a concession or over which a concession is to be granted. This information must be provided for each concession if more than one is proposed.]

1. Description of proposed activity(s) [s.39(a)]: The proposed activity is an easement to provide access for activities associated with farm management between parts of the holders freehold land. The Servient land is land that will become conservation land as a result of this review and existing (or newly identified) marginal strips.
2. Description of place(s) where proposed activity to be carried out and proposed status [s.39(b)]: The easement area comprises separate routes shown on the designations plan as "e-f-g-h", "g-l" and "f-m" on the designations plan being 20m wide. The farm management activities proposed have not been specifically specified, but this is a stock driving route between two parts of the proposed freehold land. Where there is a formed track, parts can be driven on by motor vehicle.
3. Description of potential effects of proposed activity and any actions proposed to avoid, mitigate or remedy any adverse effect, [s.39(c)] noting the requirements of s.51(3)(a) and s.51(2)(d) CPLA:  
There is unlikely to be any adverse effects from stock driving alone, but conditions have been added to the concession to recognise the potential for damage as follows:
  1. The Concessionaire must take all reasonable care to avoid damage to the soil and vegetation of the Easement Area.
  2. Stock must be actively driven through the Easement Areas and not left to drift through on their own.
  3. No stock will be left to depasture in the Easement Areas.
  4. Vehicles may only be used on the Easement Area on formed vehicle tracks and no new tracks may be formed.

5. The Concessionaire may use the Easement Area for access by vehicle, horse, foot, driven stock and dog, except for over that part of the Easement Area marked as "f-g" where foot and dog access only is permitted.
4. Details of the proposed type of concession: Easement under section 17Q Conservation Act 1987.
5. Proposed duration of concession and reasons for proposed duration [s.39(e)]:  
  
Proposed duration: The concession is proposed is for 200 years. It was originally going to be in perpetuity, but the concessionaire preferred a defined term. The concession may well terminate before this time if the parts of this property served by the easement are subdivided and the concession no longer needed.  
  
Reasons for proposed duration]: Access to the freehold land is likely to be required in the long term.
6. Relevant information about the proposed grantee including information relevant to the grantee's ability to carry out the proposed activity [s.39(f)]:

Proposed grantee: Mt Creighton Station Limited

Relevant information: The grantee is currently engaged in farming and is using the route to facilitate stock movement between parts of the property.

## **Construction**

---

Lines must be cleared manually as required.

For the avoidance of doubt there is to be no line clearance other than by hand. If, in the course of fencing work it is considered that a specific section of line should be cleared using machinery, then a separate consent from LINZ will be required prior to any work being undertaken. Such consent is to be sought by LINZ's implementation contractor and approval will require an undertaking of:

- Minimal vegetation disturbance
- Not to cause slope instability
- Not to cause erosion or siltation

Should any earthworks be considered then consent from the Otago Regional Council must be obtained under the Resource Management Act 1991.
