3 Settlement

- 3.1 Unless otherwise agreed by the parties, the Settlement Date for the disposal of the Freehold Land to the Holder by freehold disposal will be the day that is TEN (10) working days following the day on which Land Information New Zealand notifies the Commissioner that the Final Plan and a copy of this Proposal are registered in accordance with the Act.

- 3.2 The Freehold Land will be disposed of to the Holder under the Land Act 1948.

- 3.3 Notwithstanding anything to the contrary, if, as at the Settlement Date (as determined pursuant to clause 3.1), the rent payable under the Lease is subject to a Rent Review, then the Commissioner may elect to:

(a) settle on the Settlement Date on the basis that the Commissioner may retain from the Commissioner's Payment an amount which the Commissioner, acting reasonably, estimates will be payable by the Holder to the Commissioner following agreement or determination of the Rent Review ("the Retention"). The Retention shall be held by the Crown Law Office in an on-call, interest-bearing trust account in the joint names of the parties for their respective rights and interests. Upon agreement or determination of the Rent Review, the Commissioner shall calculate the rent shortfall payable by the Holder to the Commissioner in respect of the period from the effective date of the Rent Review to the Settlement Date, both dates inclusive ("the Shortfall"). If:

(i) the Shortfall is less than the Retention and the net interest earned thereon, the balance shall be paid by the Commissioner to the Holder within TEN (10) working days; or

(ii) the Shortfall is more than the Retention and the net interest earned thereon, the balance shall be paid by the Holder to the Commissioner within TEN (10) working days;

or

(b) defer the Settlement Date until TEN (10) working days after the rent payable as a consequence of the Rent Review:

(i) has been agreed or determined; and

(ii) is not and will not be subject to any appeal, rehearing or other proceedings.

4 Holder's Payment

- 4.1 By 3.00 p.m. on the Settlement Date, the Holder must pay the Holder's Payment and all other money payable to the Commissioner or the duly appointed agent of the Commissioner by bank cheque without set-off or deduction of any kind in accordance with the settlement requirements of the Commissioner.

- 4.2 If the Holder fails to pay the Holder's Payment or any part of it or any other money to the Commissioner or to the duly appointed agent of the Commissioner on the Settlement Date clause 19 will apply.

5 Commissioner's Payment

- 5.1 The Commissioner shall pay the Commissioner's Payment to the Holder on the Settlement Date.

- 5.2 No interest shall be payable to the Holder by the Commissioner in respect of the Commissioner's Payment, including (without limitation) for the period from the Vesting Date to the Settlement Date.

6 Vesting of Crown Land

- 6.1 The Crown Land will vest in the Crown on the Vesting Date.

7 Issue of Certificate of Title

- 7.1 Notwithstanding any other provision in this Proposal, the Commissioner will not request that the Surveyor-General issue a certificate to the Registrar pursuant to section 116 of the Land Act 1948 (to enable a certificate of title to issue for the Freehold Land) unless and until:
- (a) the Commissioner has received the Holder's Payment from the Holder under clause 4, and all other money payable by the Holder under this Proposal and the Notice;
 - (b) the Holder has provided to the Commissioner duplicate copies of the certificate of title relating to the Lease (if any) and/or the Lease if requested by the Commissioner;

 - (d) the Holder has procured a registrable discharge of any Mortgage and provided this to the Commissioner together with any new mortgage documents to be registered against the Freehold Land.

Any new mortgage will be registered after any other encumbrances such as any easements and/or covenants are registered.

- 10.2 From the date that a certificate of title is issued for the Freehold Land the Lease is deemed to be surrendered and, subject to clause 10.3, the Commissioner releases and discharges the Holder from the performance and observance of all covenants, conditions and obligations under the Lease.

- 1.1 Under this Proposal that part of the land shown marked HR and outlined in pink on the Plan, being 38 hectares (approximately) is designated as land to be restored to or retained in Crown control as a Historic Reserve subject to:
- (a) the granting of the concession for sheep grazing (shown on the Plan hatched in pink) substantially as set out in Appendix 4;

2 Information Concerning Proposed Concession

1. Description of proposed activity(s) [s.39(a)]: Sheep grazing of the Historic Reserve.
2. Description of place(s) where proposed activity to be carried out and proposed status [s.39(b)]: Historic Reserve shown as 'HR' on the Proposed Designations Plan.
3. Description of potential effects of proposed activity and any actions proposed to avoid, mitigate or remedy any adverse effect, [s.39(c)] noting the requirements of s.51(3)(a) and s.51(2)(d) CPLA: No conditions are provided for except that they cannot have an adverse impact on the values. Grazing of sheep is considered to have a positive impact by keeping the historic sites open and providing for better public access – by keeping the grass down and the stock tracks open.
4. Details of the proposed type of concession: Concession under section 17Q(1) of the Conservation Act 1987.
5. Proposed duration of concession and reasons for proposed duration [s.39(e)]:

Proposed duration: 10 years with a possible renewal for a further 10 years if conditions have been complied with.

Reasons for proposed duration: It seems an appropriate timeframe to provide some security and assess impacts between renewals. It is likely that ongoing grazing will be required within this reserve.
6. Relevant information about the proposed grantee including information relevant to the grantee's ability to carry out the proposed activity [s.39(f)]:

Proposed grantee: Earnsclough Station Lands Limited.

Relevant information: The grantee is currently engaged in farming and has been farming in the district for many years.

SCHEDULE 2

Description and condition of conservation resources present – extract from the Obelisk Conservation Resources Report.

White's Reef Company (G42/294)

White's Reef is located close to Symes Road and White's Hut stands alone a few hundred metres from Symes Road. It is in good order, having been built with much skill by Andrew Mitchell in the same manner as Mitchells Cottage further down Symes Road.

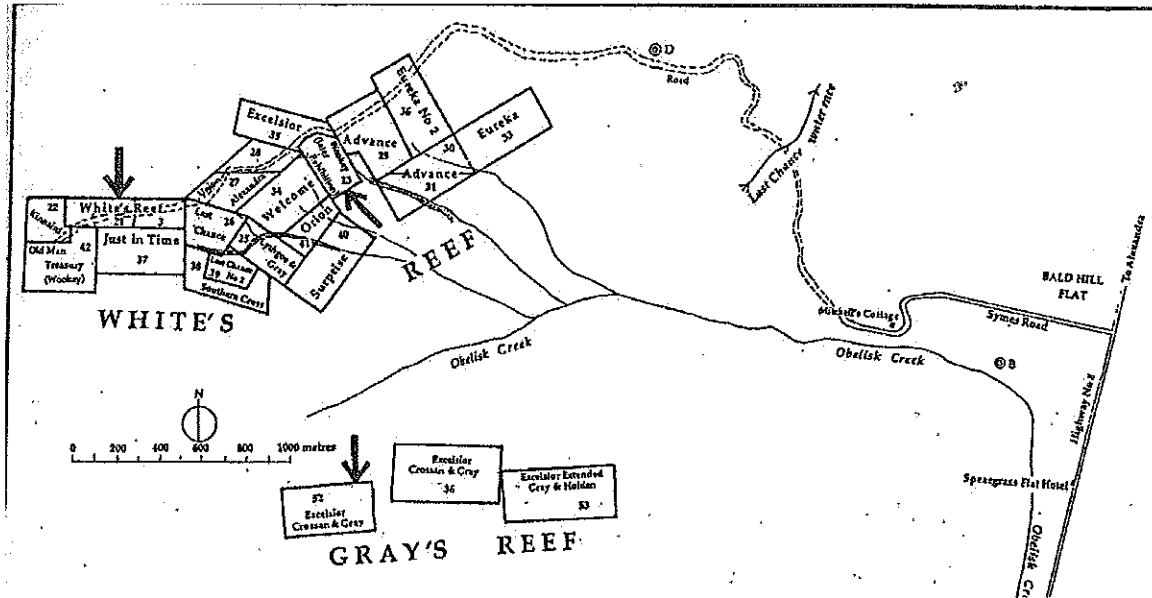

Two other well built stone huts are located within 160m of each other adjacent to the old road alignment below White's Reef. One is a two roomed hut and the other a single roomed hut. Both huts are mostly intact but without roof coverings. One of these may have been a mining office.

The surrounding slopes show numerous *in situ* tracks, dams, races, stamper battery sites, sluicings and artefacts.

In November 1883, James White and Andrew Mitchell formed a company to work the quartz reef found by White while alluvial sluicing. Sixteen other leases were also granted (AJHR 1884: H-9 page 37, AJHR 1888: C-6 page 30). Andrew Mitchell found the quartz reef in the early 1880's and formed the White's Reef Gold Mining Company with John Mitchell, James White and George White (Hamel 1989: 1). Various companies were formed to work the three main quartz reefs, White's, Exhibition, and Gray's, all in the vicinity of Obelisk Creek (Galvin ed. 1906: 160, Moore 1953: 32-33, Otago Witness 1883: 12). Survey Office (SO) Plan 3502 (dated November 1883: QuickMap Landonline) shows some of the company claims granted around White's Reef, White's Co., Lythgoe and Gray, Last Chance Co., Wookey's, and Advance Co. SO 3507 (dated February 1884) shows other claims being taken up, Just in Time Co., Southern Cross Co., Last Chance No.2, Orion Co., and Surprise Co. A plan of these claims is shown in McCraw (2003: 101, Figure 6.5).

A water race was constructed bringing water from Gorge Creek over six miles in length to White's Reef (AJHR 1884: H-9 pages 37-38). A five head crushing battery driven by a Whitelaw turbine was erected near the mouth of the adit entrance (AJHR 1887: C-5 page 41, McCraw 2005b: 63-66). James White formed a rough dray track from the main highway to within a few chain of his claim. A separate bridle track from the dray road was the recommended means of visiting the reefs. This dray track may be that shown on SO 268 (dated June 1879) running from J. Mc Cambridge's freehold Section 59.

W. Wookey and James Gavin worked the Exhibition Reef until 1888 when it passed to Robert and Henry Symes along with the White's Reef claim. Robert Symes was mine manager of White's Reef prior to the change of ownership. The claim came with a five head stamper battery, a chilian mill, a McQueen's patent grinder and amalgamators, water rights, mining tools, and buildings. White's Reef was worked through to the early 1920's (AJHR 1891: C-4 page 181, AJHR 1892: C-3 page 59, Moore 1953: 33). Henry Symes was town clerk in Alexandra from 1893-1899 and served as Mayor from 1900-1901 (McGraw 2000: 161). Some of the machinery used at this site is still present much of it stamped to identify Crown ownership. Unfortunately the Whites Reef stamper battery was removed some years ago, but the site it was taken from is clearly evident with timbers still present.

This plan of the claims shows White's Reef which is predominantly within the historic reserve.
