Summary of Designations

Under this Proposal, the Land is designated as follows:

- (a) The Crown Land (shown edged in pink and labelled 'CA1' on the Plan) is to be restored to, or retained by, the Crown as set out in Schedules One and Two; and
- (b) The Freehold Land (shown edged in green on the Plan) is to be disposed by freehold disposal to the Holder as set out in Schedule Three.

1 The Plan

2 Conditions

- 2.1 This Proposal, and any agreement arising therefrom, is subject to the conditions contained in Schedule Four (if any).

3 Settlement

- 3.1 Unless otherwise agreed by the parties, the Settlement Date for the disposal of the Freehold Land to the Holder by freehold disposal will be the day that is TEN (10) working days following the day on which Land Information New Zealand notifies the Commissioner that the Final Plan and a copy of this Proposal are registered in accordance with the Act.

- 3.2 The Freehold Land will be disposed of to the Holder under the Land Act 1948.

- 3.3 Notwithstanding anything to the contrary, if, as at the Settlement Date (as determined pursuant to clause 3.1), the rent payable under the Lease is subject to a Rent Review, then the Commissioner may elect to:

(a) settle on the Settlement Date on the basis that the Commissioner may retain from the Commissioner's Payment an amount which the Commissioner, acting reasonably, estimates will be payable by the Holder to the Commissioner following agreement or determination of the Rent Review ("the Retention"). The Retention shall be held by the Crown Law Office in an on-call, interest-bearing trust account in the joint names of the parties for their respective rights and interests. Upon agreement or determination of the Rent Review, the Commissioner shall calculate the rent shortfall payable by the Holder to the Commissioner in respect of the period from the effective date of the Rent Review to the Settlement Date, both dates inclusive ("the Shortfall"). If:

(i) the Shortfall is less than the Retention and the net interest earned thereon, the balance shall be paid by the Commissioner to the Holder within TEN (10) working days; or

(ii) the Shortfall is more than the Retention and the net interest earned thereon, the balance shall be paid by the Holder to the Commissioner within TEN (10) working days;

or

(b) defer the Settlement Date until TEN (10) working days after the rent payable as a consequence of the Rent Review:

(i) has been agreed or determined; and

(ii) is not and will not be subject to any appeal, rehearing or other proceedings.

4 Holder's Payment

- 4.1 By 3.00 p.m. on the Settlement Date, the Holder must pay the Holder's Payment and all other money payable to the Commissioner or the duly appointed agent of the Commissioner by bank cheque without set-off or deduction of any kind in accordance with the settlement requirements of the Commissioner.

- 4.2 If the Holder fails to pay the Holder's Payment or any part of it or any other money to the Commissioner or to the duly appointed agent of the Commissioner on the Settlement Date clause 19 will apply.

5 Commissioner's Payment

- 5.1 The Commissioner shall pay the Commissioner's Payment to the Holder on the Settlement Date.

- 5.2 No interest shall be payable to the Holder by the Commissioner in respect of the Commissioner's Payment, including (without limitation) for the period from the Vesting Date to the Settlement Date.

6 Vesting of Crown Land

- 6.1 The Crown Land will vest in the Crown on the Vesting Date.

7 Issue of Certificate of Title

- 7.1 Notwithstanding any other provision in this Proposal, the Commissioner will not request that the Surveyor-General issue a certificate to the Registrar pursuant to section 116 of the Land Act 1948 (to enable a certificate of title to issue for the Freehold Land) unless and until:
- (a) the Commissioner has received the Holder's Payment from the Holder under clause 4, and all other money payable by the Holder under this Proposal and the Notice;
 - (b) the Holder has provided to the Commissioner duplicate copies of the certificate of title relating to the Lease (if any) and/or the Lease if requested by the Commissioner;
 - (c) the Holder has signed and returned to the Commissioner all documents required by the Commissioner to be signed by the Holder to give effect to this Proposal (including, without limitation, any permit, covenant, easement and/or any other document); and
 - (d) the Holder has procured a registrable discharge of any Mortgage and provided this to the Commissioner together with any new mortgage documents to be registered against the Freehold Land.

8 Registration of Documents

- 8.1 Subject to clause 7, the Commissioner will lodge all documents necessary to give effect to this Proposal (including, without limitation any easement, covenant, discharge of mortgage, and/or duplicate copy of the Lease) and any new mortgage documents to be registered against the certificate of title to be issued for the Freehold Land so that the certificate of title for the Freehold Land will issue subject to the encumbrances provided in this Proposal. Any new mortgage will be registered after any other encumbrances such as any easements and/or covenants are registered.

9 Consents

- 9.1 The Holder must obtain the written consent to the Holder's acceptance of this Proposal from all persons having an interest in the Land (other than the Holder), including, but not limited to:
- (a) any Mortgagee(s);
 - (b) any party entitled to the benefit of a land improvement agreement registered against the Lease and/or the Land; and

- 9.4 The Holder will procure the Mortgagee to execute a registrable discharge of the Mortgage and, if required by the Mortgagee, the Holder will execute registrable new mortgage documents and forward these to the Commissioner to be registered as set out in clause 8.

- 9.5 If required by the Mortgagee, the Commissioner will provide an undertaking that, subject to the provisions of clause 7 being satisfied, the Commissioner will register the discharge of the Mortgage and register any new mortgage against the certificate of title for Freehold Land at the same time as the certificate of title for the Freehold Land issues.

10 Continuation of Lease

- 10.1 The Lease will remain in full force and effect until a certificate of title issues for the Freehold Land. Notwithstanding when Settlement Date occurs, until a certificate of title issues for the Freehold Land the Holder will duly and punctually comply with all obligations on its part under the Lease (other than as set out at clause 12.1 (b)) and the Lease will remain in full force and effect.
- 10.2 From the date that a certificate of title is issued for the Freehold Land the Lease is deemed to be surrendered and, subject to clause 10.3, the Commissioner releases and discharges the Holder from the performance and observance of all covenants, conditions and obligations under the Lease.
- 10.3 The release and discharge in clause 10.2:
- (a) Is without prejudice to the rights, remedies and powers of the Commissioner contained in the Lease (except as varied in accordance with clause 12.1(b)); and
 - (b) will not release or discharge the Holder from any liability under the Lease, arising prior to the date that the certificate of title for the Freehold Land is issued, under any statute or by any reason where such liability is due to the fault of the Holder.
- 10.4 As from the Vesting Date, the Holder will not have any estate, right or claim against any of the land, improvements, fencing, buildings, structures, fixtures, fittings or chattels on the Crown Land (subject to the provisions of any permit, easement, concession, other encumbrance or document provided under this Proposal). The Holder will not be entitled to any compensation for any of its improvements, fencing, buildings, structures, fixtures, fittings or chattels which are on the Crown Land as at the Vesting Date.

11 Fencing and Construction Works

- 11.1 If the Holder has accepted this Proposal and that acceptance has taken effect pursuant to the Act, the Commissioner will, subject to clause 14.4, erect at the Commissioner's cost new fencing to the specifications in Appendix 3; ("the Fencing").

12 Apportionments

- 12.1 Rent payable under the Lease in respect of the Freehold Land shall be apportioned as follows:
- (a) Rent paid or payable will be apportioned on the Settlement Date as at the Settlement Date and either deducted from or added to (as the case may be) the amount required to settle.
 - (b) Notwithstanding that the Lease continues in effect until a certificate of title issues for the Freehold Land, the Holder shall not be required to pay any rent under the Lease for the Freehold Land from the Settlement Date.
- 12.2 Rent paid or payable under the Lease for the Crown Land will be apportioned on the Settlement Date as at the Vesting Date and either deducted from or added to (as the case may be) the amount required to settle.
- 12.3 All rates, levies, and all other incomings and outgoings and other charges receivable from or charged upon the Freehold Land will, unless otherwise agreed by the parties, be apportioned on the Settlement Date as at the Settlement Date.
- 12.4 All rates, levies and all other incomings and outgoings and other charges receivable from or charged upon the Crown Land will be apportioned on the Settlement Date as at the Vesting Date and either deducted from or added to (as the case may be) the amount required to settle.
- 12.5 Following the date that a certificate of title issues for the Freehold Land, the Commissioner will undertake a final apportionment and either the Commissioner will pay to the Holder, or the Holder will pay to the Commissioner, any additional amounts due because of any payments

made or received by one party on behalf of the other for the period from the Settlement Date to the date on which a new certificate of title issues for the Freehold Land.

13 Risk

- 13.1 On and with effect from the Unconditional Date all risk of any nature in respect of the Freehold Land will pass from the Commissioner to the Holder. For the avoidance of doubt, the Holder's current risk in respect of matters arising under the Lease, including, without limitation, the Holder's risk in respect of all improvements, buildings, fencing, fixtures, fittings and chattels, will continue to remain with the Holder until the Lease is deemed to be surrendered under clause 10.2.
- 13.2 The Holder will be required to comply with its settlement obligations under this Proposal irrespective of any damage to, or destruction of, the Freehold Land prior to the Settlement Date.

14 Survey

- 14.1 All areas of the Land forming part of this Proposal and delineated on the Plan are approximate and subject to preparation of the Final Plan. The measurements of the areas may therefore alter on the Final Plan.
- 14.2 No error, misdescription or amendment of any part of the Land will annul, vary, or derogate from this Proposal, or the Holder's acceptance of this Proposal.
- 14.3 For the avoidance of doubt, the Holder will not be entitled to cancel or withdraw its acceptance of this Proposal, nor will the Holder, or any successor in title of the Holder or any party with an interest in the Land, be entitled to payment of any compensation, should any area of the Land on the Final Plan have a different measurement to the area specified in this Proposal.
- 14.4 The Commissioner does not warrant that any existing fence is erected on, or that any new fence to be erected will be on, any boundaries of the Land or any part of the Land as outlined on the Plan or the Final Plan.

15 Holder's Acknowledgements

- 15.1 If the Holder accepts this Proposal and that acceptance takes effect under the Act, the Holder acknowledges that:
 - (a) it is obtaining the freehold interest in the Freehold Land:

- (e) the Holder has no claim (and will not have any claim) whatsoever against the Crown and/or Commissioner in relation to the Tenure Review and/or this Proposal, including (without limitation) any claim for any misrepresentation or for any loss or damage suffered whether in contract, tort (including negligence) or otherwise.

16 No Representations or Warranties by the Commissioner

- 16.1 The Commissioner gives no representations or warranties of any nature in respect of the Freehold Land. Without limitation, the Commissioner does not warrant:
- (a) the accuracy of any matter in the Notice or this Proposal or in any notice, or any correspondence or other information provided to the Holder by the Commissioner or by any agent, contractor or employee of the Commissioner; or

An example of the form of solicitor's certificate required is set out at Appendix 2.
- 18.2 The Holder must return the completed solicitor's certificate to the Commissioner with this Proposal on its acceptance by the Holder.

 - (b) the Commissioner and the Holder confirm that as at the Settlement Date:
 - (i) each is acquiring the goods supplied with the intention of using the goods for making taxable supplies; and

- (ii) the Commissioner and any associated person in terms of section 2A(1)(c) of the GST Act do not intend to use the Crown Land and the Holder and any associated person in terms of section 2A(1)(c) of the GST Act do not intend to use the Freehold Land as a principal place of residence; and
 - (c) the Commissioner and the Holder agree that the supplies evidenced by the Holder's Consideration and the Commissioner's Consideration are to be zero-rated for GST purposes under section 11(1)(mb) of the GST Act.

- (a) interest, at the Default Rate, on the amount of the unpaid GST and which will accrue from the Commissioner's GST Date until the date of payment of the unpaid GST; and
 - (b) any Default GST.

21 Lowest price

- 21.1 The Holder's Consideration does not include any capitalised interest and the parties agree that the "lowest price" for the purposes of valuing the Freehold Land under section EW 32(3) of the Income Tax Act 2007 is equal to the Holder's Consideration.
- 21.2 The Commissioner's Consideration does not include any capitalised interest and the parties agree that the "lowest price" for the purposes of valuing the Crown Land under section EW 32(3) of the Income Tax Act 2007 is equal to the Commissioner's Consideration.

3. Values of Land to be Preserved

The purpose of the covenant is to preserve the flathead galaxias and freshwater life within Pigroot and Siberia Creeks. The retention of riparian shrubland is considered important to help preserve shading of the creeks, for bank stability and to restrict stock access to the creek beds. I time and without fire or intensive stocking, this shrubland will thicken and become more effective and preserving high quality fish habitat.

Fish Values:

Four sites on Pigroot Creek and Siberia Creek were sampled in January 2003. Predominant catchment and riparian margin vegetation was grassy farmland with areas of scrub and tussock which provided variable fish cover. Survey sites were dominated by pool-run-riffle habitat with gravel, cobble and boulder substrate in varying proportions. Average stream wet zone width ranged from 0.86 – 2.34m, and average depth from 0.07 – 0.21m. In all sites water quality was relatively high and bottom fauna was low to moderate. Predominant species were the mayflies *Ameletopsis* and *Deleatidium* and the horny-case caddis (*Olinga feredayi*).

Flathead galaxias (*Galaxias depressiceps*) and brown trout (*Salmo trutta*) were recorded on the lease. Flathead galaxiid were present at all sites surveyed. Siberia Creek was surveyed at three sites. Fish numbers ranged from abundant in the Siberia Ck (1) site where a large shoal of juveniles was also seen, to rare in one of the Siberia Creek tributaries. This galaxiid population is currently compromised due to the presence of brown trout, which were present at two Siberia Creek sites. The Pigroot creek site was affected by siltation. Flathead galaxiid were common at the Pigroot Creek site and, notably, brown trout were absent.

Site Fished (Grid reference)	Species Present	Abundance
Siberia Ck (1) (I42 086 533)	Flathead galaxiid	Abundant
Siberia Ck tributary (I42 093 536)	Flathead galaxiid Brown trout	Rare common
Siberia Ck (2) (I42 093 536) (below tributary junction)	Flathead galaxiid Brown trout	Common Rare
Pigroot Ck tributary (I42 088 540)	Flathead galaxiid	Common

¹ State street address not Post Office Box number.

Shrubland:

A band of shrubland dominated by matagouri occupies much of the riparian zone and flood terrace of Siberia Creek and its tributaries. Associated shrub species include *Olearia bullata*, *Carmichaelia petriei*, briar (*Rosa rubiginosa*), *Coprosma propinqua*, and *C. rugosa*, and there are areas of vines including *Clematis marata*, pohuehue (*Muehlenbeckia complexa*) and lawyer (*Rubus schmidelioides*). Tutu (*Coriaria sarmentosa*) is present, and there are a few shrubs of koromiko (*Hebe salicifolia*) and rare *H. vakaiensis*. Ground vegetation is predominantly pasture species and silver tussock, with occasional golden Spaniard (*Aciphylla aurea*) and snow tussock, mainly along the tops of terrace scarps.

Matagouri is sparse and the small-leaved tutu (*Coriaria plumose*) abundant on bouldery stream terraces, along with patches of mouse-eared hawkweed (*Raoulia tenuicaulis*), and carpets of *Muehlenbeckia axillaris*.

The more incised upper reaches of the main creek carry similar shrubland, but with mountain flax (*Phormium cookianum*) and occasionally the large Spaniard *Aciphylla scott-thomsonii* being carried. Ground vegetation here has much prickly shield fern (*Polystichum vestitum*), and some kiokio (*Blechnum novae-zelandiae*) and *Hypolepis millefolium*. Species from higher elevations also occur, for example the mountain daisy *Celmisia densiflora* and the small shrubs *Gaultheria crassa* and *Pimelea pseudolyallii*.

SCHEDULE 2

Special Conditions

- 1) The Minister may undertake active management or restoration of the Land to enhance its natural values.
- 2) Clause 3.1.1 is deleted and replaced with: Sheep and cattle may graze the covenant area at a stocking rate that does not, in the opinion of the Minister, adversely impact on the values being protected.
- 3) Should monitoring of the Galaxiid population or the riparian vegetation, show that there are adverse impacts (in the opinion of the Minister) from grazing or other farming practices, it will be the responsibility of the Owner to mitigate these impacts to the satisfaction of the Minister. This could involve reduced stocking, removing cattle or fencing.
- 4) If for any reason indigenous vegetation within the Land is removed (eg: by fire), the Owner will be responsible for preventing stock from accessing the Land until such vegetation recovers.
- 5) The Minister may enter onto the Land to monitor fish populations and riparian shrublands.
