2 Conditions

- 2.1 This Proposal, and any agreement arising therefrom, is subject to the conditions contained in Schedule Four (if any).

3 Settlement

- 3.1 Unless otherwise agreed by the parties, the Settlement Date for the disposal of the Freehold Land to the Holder by freehold disposal will be the day that is TEN (10) working days following the day on which Land Information New Zealand notifies the Commissioner that the Final Plan and a copy of this Proposal are registered in accordance with the Act.

- 3.2 The Freehold Land will be disposed of to the Holder under the Land Act 1948.

- 3.3 Notwithstanding anything to the contrary, if, as at the Settlement Date (as determined pursuant to clause 3.1), the rent payable under the Lease is subject to a Rent Review, then the Commissioner may elect to:

(a) settle on the Settlement Date on the basis that the Commissioner may retain from the Commissioner's Payment an amount which the Commissioner, acting reasonably, estimates will be payable by the Holder to the Commissioner following agreement or determination of the Rent Review ("the Retention"). The Retention shall be held by the Crown Law Office in an on-call, interest-bearing trust account in the joint names of the parties for their respective rights and interests. Upon agreement or determination of the Rent Review, the Commissioner shall calculate the rent shortfall payable by the Holder to the Commissioner in respect of the period from the effective date of the Rent Review to the Settlement Date, both dates inclusive ("the Shortfall").

If:

(i) the Shortfall is less than the Retention and the net interest earned thereon, the balance shall be paid by the Commissioner to the Holder within TEN (10) working days; or

(ii) the Shortfall is more than the Retention and the net interest earned thereon, the balance shall be paid by the Holder to the Commissioner within TEN (10) working days.

or

(b) defer the Settlement Date until TEN (10) working days after the rent payable as a consequence of the Rent Review:

(a) has been agreed or determined; and

(b) is not and will not be subject to any appeal, rehearing or other proceedings.

4 Holder's Payment

- 4.1 By 3.00 p.m. on the Settlement Date, the Holder must pay the Holder's Payment and all other money payable to the Commissioner or the duly appointed agent of the Commissioner by bank cheque without set-off or deduction of any kind in accordance with the settlement requirements of the Commissioner.

- 4.2 If the Holder fails to pay the Holder's Payment or any part of it or any other money to the Commissioner or to the duly appointed agent of the Commissioner on the Settlement Date clause 19 will apply.

5 Commissioner's Payment

- 5.1 The Commissioner shall pay the Commissioner's Payment to the Holder on the Settlement Date.

- 5.2 No interest shall be payable to the Holder by the Commissioner in respect of the Commissioner's Payment, including (without limitation) for the period from the Vesting Date to the Settlement Date.

6 Vesting of Crown Land

- 6.1 The Crown Land will vest in the Crown on the Vesting Date.

7 Issue of Certificate of Title

- 7.1 Notwithstanding any other provision in this Proposal, the Commissioner will not request that the Surveyor-General issue a certificate to the Registrar pursuant to section 116 of the Land Act 1948 (to enable a certificate of title to issue for the Freehold Land) unless and until:
- (a) the Commissioner has received the Holder's Payment from the Holder under clause 4, and all other money payable by the Holder under this Proposal and the Notice;
 - (b) the Holder has provided to the Commissioner duplicate copies of the certificate of title relating to the Lease (if any) and/or the Lease if requested by the Commissioner;
 - (c) the Holder has signed and returned to the Commissioner all documents required by the Commissioner to be signed by the Holder to give effect to this Proposal (including, without limitation, any permit, covenant, easement and/or any other document); and
 - (d) the Holder has procured a registrable discharge of any Mortgage and provided this to the Commissioner together with any new mortgage documents to be registered against the Freehold Land.

8 Registration of Documents

- 8.1 Subject to clause 7, the Commissioner will lodge all documents necessary to give effect to this Proposal (including, without limitation any easement, covenant, discharge of mortgage, and/or duplicate copy of the Lease) and any new mortgage documents to be registered against the certificate of title to be issued for the Freehold Land so that the certificate of title for the Freehold Land will issue subject to the encumbrances provided in this Proposal. Any new mortgage will be registered after any other encumbrances such as any easements and/or covenants are registered.

9 Consents

- 9.1 The Holder must obtain the written consent to the Holder's acceptance of this Proposal from all persons having an interest in the Land (other than the Holder), including, but not limited to:
- (a) any Mortgagee(s);
 - (b) any party entitled to the benefit of a land improvement agreement registered against the Lease and/or the Land; and
 - (c) any other person that the Commissioner reasonably believes has an interest in the Land or who the Holder reasonably believes has an interest in the Land, whether registered or not.
- 9.2 The consents required under clause 9.1 must be in a form acceptable to the Commissioner in all respects and be returned to the Commissioner with this Proposal on its acceptance by the Holder. Examples of the form of consents required under clause 9.1 are set out in Appendix 1.
- 9.3 The Holder must also obtain, and provide to the Commissioner if requested, all consents necessary for the Holder to accept this Proposal including (without limitation) any:

- 9.5 If required by the Mortgagee, the Commissioner will provide an undertaking that, subject to the provisions of clause 7 being satisfied, the Commissioner will register the discharge of the Mortgage and register any new mortgage against the certificate of title for Freehold Land at the same time as the certificate of title for the Freehold Land issues.

10 Continuation of Lease

- 10.1 The Lease will remain in full force and effect until a certificate of title issues for the Freehold Land. Notwithstanding when Settlement Date occurs, until a certificate of title issues for the Freehold Land the Holder will duly and punctually comply with all obligations on its part under the Lease (other than as set out at clause 12.1 (b)) and the Lease will remain in full force and effect.
- 10.2 From the date that a certificate of title is issued for the Freehold Land the Lease is deemed to be surrendered and, subject to clause 10.3, the Commissioner releases and discharges the Holder from the performance and observance of all covenants, conditions and obligations under the Lease.
- 10.3 The release and discharge in clause 10.2:
- (a) Is without prejudice to the rights, remedies and powers of the Commissioner contained in the Lease (except as varied in accordance with clause 12.1(b)); and
 - (b) will not release or discharge the Holder from any liability under the Lease, arising prior to the date that the certificate of title for the Freehold Land is issued, under any statute or by any reason where such liability is due to the fault of the Holder.
- 10.4 As from the Vesting Date, the Holder will not have any estate, right or claim against any of the land, improvements, fencing, buildings, structures, fixtures, fittings or chattels on the Crown Land (subject to the provisions of any permit, easement, concession, other encumbrance or document provided under this Proposal). the Commissioner may, acting reasonably, elect to do any one or more of the following:
 - (iii) erect the Fencing in a position different from that shown on the Plan;

- (iv) erect the Fencing over a shorter distance than that shown on the Plan; or
 - (v) erect the Fencing to specifications different from those in Appendix 3.
- 11.3 If the Commissioner has not completed the Fencing by the Settlement Date, the Holder agrees that the Commissioner may register a covenant, on terms entirely satisfactory to the Commissioner (in the Commissioner's sole discretion), over the Freehold Land to enable the Commissioner to complete the Fencing. The Holder will do all things necessary (including signing any document) to enable the Commissioner to register such a covenant.
- 11.4 The ongoing maintenance of the Fencing referred to in clauses 11.1 and 11.2 will be subject to the terms of the Fencing Act 1978.
- 11.5 If the Holder has accepted this Proposal and that acceptance has taken effect pursuant to the Act, [the Commissioner] [the Holder] [both parties] will, subject to clause 11.6, undertake the construction works set out in Appendix 3 on the terms and conditions set out in Appendix 3 ("the Construction Works").
- 11.6 If any Construction Works for which the Commissioner is liable, or jointly liable with the Holder, require a resource consent or any other consent from any local or territorial authority ("the Works Consent"), the following provisions shall apply:
- (a) The Commissioner shall use reasonable endeavours to obtain the Works Consent within 6 months of this Proposal taking effect pursuant to the Act.
 - (b) If the Works Consent:
 - (i) is not obtained within 6 months of this Proposal taking effect pursuant to the Act; and/or
 - (ii) is obtained on terms which are not satisfactory to the Commissioner in all respects;

the Commissioner may, acting reasonably, elect to vary the extent of the Construction Works in question and/or the terms and conditions upon which they are carried out.

- (a) Rent paid or payable will be apportioned on the Settlement Date as at the Settlement Date and either deducted from or added to (as the case may be) the amount required to settle.
 - (b) Notwithstanding that the Lease continues in effect until a certificate of title issues for the Freehold Land, the Holder shall not be required to pay any rent under the Lease for the Freehold Land from the Settlement Date.
- 12.2 Rent paid or payable under the Lease for the Crown Land will be apportioned on the Settlement Date as at the Vesting Date and either deducted from or added to (as the case may be) the amount required to settle.

made or received by one party on behalf of the other for the period from the Settlement Date to the date on which a new certificate of title issues for the Freehold Land.

13 Risk

- 13.1 On and with effect from the Unconditional Date all risk of any nature in respect of the Freehold Land will pass from the Commissioner to the Holder. For the avoidance of doubt, the Holder's current risk in respect of matters arising under the Lease, including, without limitation, the Holder's risk in respect of all improvements, buildings, fencing, fixtures, fittings and chattels, will continue to remain with the Holder until the Lease is deemed to be surrendered under clause 10.2.
- 13.2 The Holder will be required to comply with its settlement obligations under this Proposal irrespective of any damage to, or destruction of, the Freehold Land prior to the Settlement Date.

14 Survey

- 14.2 No error, misdescription or amendment of any part of the Land will annul, vary, or derogate from this Proposal, or the Holder's acceptance of this Proposal.
- 14.3 For the avoidance of doubt, the Holder will not be entitled to cancel or withdraw its acceptance of this Proposal, nor will the Holder, or any successor in title of the Holder or any party with an interest in the Land, be entitled to payment of any compensation, should any area of the Land on the Final Plan have a different measurement to the area specified in this Proposal.

- 15.1 If the Holder accepts this Proposal and that acceptance takes effect under the Act, the Holder acknowledges that:

- 16.1 The Commissioner gives no representations or warranties of any nature in respect of the Freehold Land. Without limitation, the Commissioner does not warrant:

2 Information Concerning Proposed Concessions

2.1 Recreation Concession

1. Description of proposed activity(s):

The concession is for aircraft landing, for the purpose of heliskiing for a term of 10 years from issue date. The Concession is granted for the period between 15th June and 30th October (both dates inclusive) each year during the term.

2. Description of place(s) where proposed activity to be carried out and proposed status :

The operational area for this concession activity comprises approx 6250 ha of spectacular remote mountain country in the Ox Burn, Flood Burn and Davidsons Creek catchments. Ground cover comprises tall and short tussocklands, bluff communities, shrublands and alpine areas. Proposed status for the area is conservation area subject to a commercial recreation concession to be managed by the Department of Conservation.

3. Description of potential effects of proposed activity and any actions proposed to avoid, mitigate or remedy any adverse effect, noting the requirements of s.51(3)(a) and s.51(2)(d) CPLA:

This concession activity is a continuation of an activity that has been previously conducted on the land.

The proposed activities potential adverse effects are:

- a) the adverse effects on the natural features of the land; and*
- b) the adverse effects on other users of the area.*

Adverse effects on the natural features of the land shall be avoided by the concessionaire complying with certain conditions, including those contained in the department's environmental and water care codes. The department also reserves the right to both monitor compliance with these conditions and to require the concessionaire to alter their activities in a manner so to remedy any adverse environmental effects.

Adverse effects on other users shall be somewhat mitigated by a requirement that the operator avoids land skiing parties in the vicinity of private parties. The installation of structures and the storage of fuel within the proposed conservation area are prohibited unless approved by the department.

The concession document contains clauses relating to littering, noisome and/or dangerous activities and fires.

4. Details of the proposed type of concession:

Recreation/tourism concession under Section 17Q Conservation Act 1987.

5. Proposed duration of concession and reasons for proposed duration:

Proposed duration:

10 years.

Reasons for proposed duration:

The term will allow the Department the future opportunity to review the activity's suitability and to consider in relation to departmental policy regarding issuing future heliskiing concessions i.e. tendering and securing a full range of recreation opportunities.

6. Relevant information about the proposed grantee including information relevant to the grantee's ability to carry out the proposed activity:

Proposed grantee: Temple Peak Station who propose to assign the concession to Alpine Heliski Limited

Relevant information: The Department requires that the concessionaire must hold current heliskiing and hellboarding industry minimum safety qualifications and also meet Civil Aviation Authority qualifications and standards including part 119 and 135 requirements of the CAA rules or other such standards as CAA may require. The Department also requires the Concessionaire to take measures that will avoid, remedy or mitigate adverse effects of their aircraft and the heliskiing and hellboarding activities on public conservation land and its visitors.

It is noted that Temple Peak Station intend to transfer the concession to Alpine Heliski Limited. Alpine Heliski Limited has been conducting heli skiing activities in conjunction with Alpine Helicopters for some five years and hold recreation permits issued under the Land Act 1948 over a substantial area of land held under pastoral lease tenure.

2.2 Grazing Concession:

1. Description of proposed activity(s):

The Concessionaire must only use the land for grazing sheep wethers. Not more than 1000 wethers may be grazed. Grazing is to be confined between the period 1 January – 10 April. Maximum stocking levels may be decreased or the concession terminated in terms 2 and 3 if monitoring results reveal a deterioration in vegetation condition – see criteria set out in Management Prescription Document. The concession also allows for the use of dogs and horses on the land for mustering purposes.

2. Description of place(s) where proposed activity to be carried out and proposed status:

The concession area comprises some 2600 hectares of spectacular remote mountain country in the Ox Burn, Flood Burn and Davidsons Creek catchments. Ground cover comprises tall and short tussocklands, bluff communities, shrublands and alpine areas. Proposed status for the combined area is conservation land subject to a grazing concession.

3. Description of potential effects of proposed activity and any actions proposed to avoid, mitigate or remedy any adverse effect, noting the requirements of s.51(3)(a) and s.51(2)(d) CPLA:

Given the large area subject to the concession, the stocking rate is conservative. The rationale for continued grazing is that conservation values in the area have remained largely intact during the period which the proposed concessionaires have grazed the area under their pastoral lease.

The concession document contains eight standard clauses dealing with protection of the environment. These preclude interference with natural features, deposit of rubbish or other dangerous or unsightly matter, oversowing and topdressing and obstruction of public enjoyment of the area. In addition to the standard clauses it contains a specific clause relating to protection of native wildlife (in particular to keas).

DOC staff will regularly visit the area for a diverse range of activities including wild animal control and ecological monitoring work and will therefore be aware if the concession activity is having any negative effects.

4. Details of the proposed type of concession:

Grazing concession under Section 17Q Conservation Act 1987.

5. Proposed duration of concession and reasons for proposed duration:

Proposed duration:

7 years with a further two 7 year right of renewal periods subject to favourable results from vegetation monitoring).

Reasons for proposed duration]:

In light of the relatively benign effects associated with the proposed Grantees past management of the area and their reliance on this grazing in order to operate a viable farming operation, a longer than usual term is proposed. This term is proposed on the basis that monitoring provisions allow stock numbers to be reduced or the concession to be terminated if results point to a deterioration in vegetation condition.

6. Relevant information about the proposed grantee including information relevant to the grantee's ability to carry out the proposed activity:

Proposed grantee: *Temple Peak Limited (Mark and Amanda Hasselman)*

Relevant information: *The proposed concessionaires currently graze the area which is part of Temple Peak pastoral lease. DOC currently has a good working relationship with the Hasselmans over a variety of issues including pest control and community planning issues. The Hasselmans obviously have a strong affinity with the land and the values which it contains.*
