

Crown Pastoral Land Tenure Review

Lease name : UPPER LAKE HERON

Lease number : PC 025

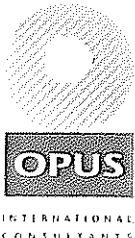

Due Diligence Report (including Status Report) - Part 2

This report and attachments results from a pre-Tenure Review assessment of the pastoral lease for the purpose of confirming land available for Tenure Review and any issues, rights or obligations attaching to it. The information is gathered from files and other sources available to the LINZ contractor.

Part of the information relates to research on the status of the land, resulting in a Status Report that is signed off by a LINZ approving officer. The remainder of the information is not analysed for relevancy or possible action until required, and LINZ does not guarantee its accuracy or completeness as presented.

The report attached is released under the Official Information Act 1982.

LAND STATUS REPORT for Upper Lake Heron Tenure

LIPS Ref: 12746

Property 1 of 2

NOTES: This information does not affect the status of the land but was identified as possible requiring further investigation at the due diligence stage: See Crown Pastoral Standard 6

1. CL 529/29 contains a notation that the lease is subject to Section 58 of the Land Act 1948 as does SO 11430 applying in respect of all rivers and streams in excess of 3 metres in width. However such strips are 'notional' only pending disposition of the land.
2. Section 1, S.O. 18966 (38.1570 hectares) was surrendered out of the lease by A2516954.1 and is still to be gazetted for Wildlife Management purposes under the Reserves Act 1977.
3. The attached supporting topographical map shows that the existing fenced boundaries (with the adjoining "Glenfalloch" Pastoral Lease in the south-eastern sector of the lease do not correlate with the legal boundaries.
4. The current lease is subject to Agreement T862 between a former lessee and is the Canterbury Mountaineering and Tramping Club and the registered copy cannot be located. This is a sub-lease over a hut licence in the Jagged Stream area of the lease. Furthermore a hut licence to the Club was issued in 1971 to erect four huts.

Depending on the future ownership of the land in those localities where the huts are the current arrangements may need to be put on a more formal footing.

5. N.Z. Gazette 1957 p211 and 212 granted a licence to take and use water from the Home Gully Creek for Generating Electricity until 31 March 1977. This also provided authority to construct, maintain and use the headworks (including a dam and intake), a powerhouse and tailrace. A copy of the plan referred to was not found. A check is required to determine if the works were ever completed and if so, assuming they were private works, what impact they may have on any Marginal Strip applying along Home Gully Creek.
