Any fee simple title arising from freehold designation of Crown land will be issued subject to marginal strips along streams, rivers and lakes (that meet the criteria set out in Part 4A of the Conservation Act 1987) if the creation of marginal strips has not already been triggered by the issue or renewal of a lease.

The boundaries shown on this plan are indicative and are for illustrative and discussion purposes only. No guarantee of accuracy can be given until the survey plan data supporting the boundary positions is researched thoroughly when the survey prescription is prepared.
