Modernising Landonline: Update October 2021

Portfolio **Land Information**

On 11 November 2021, the Cabinet Government Administration and Expenditure Review Committee (GOV):

- 1 **noted** that as at 31 August 2021, the Landonline rebuild is within budget and remains on track for delivery in financial year 2023/24;
- 2 **noted** that uptake of new Landonline services released to date by the modernisation programme has been strong;
- 3 **noted** that in June 2021, the programme's status was moved from Green to Amber while the issues of re-estimation of the programme's cost were worked through given the pressures on recruitment and retention and the increased cost of the foundational work on transacting titles;
- 4 **noted** that financial approvals from joint Ministers (Finance, Land Information, and Digital Economy and Communications) in April 2019 and August 2020 will maintain programme activity until mid-2022;
- 5 **noted** that a planned re-estimation of the size and cost of the remaining work needed to complete the programme is being completed;
- 6 **noted** that Land Information New Zealand will seek further financial approvals from joint Ministers in February 2022;
- 7 **invited** the Minister for Land Information to provide a further update to GOV by 30 April 2022.
