Replace existing note, TE AUMITI (FRENCH PASS) – TIDAL STREAMS,
with the accompanying note below chart title

To accompany New Zealand Notice to Mariners No. 223/11

Chart No. NZ 614

TE AUMITI (FRENCH PASS)-TIDAL STREAMS
Mariners should refer to the New Zealand Nautical Almanac for daily tidal stream predictions and other stream information. The southwest (flood) stream begins nearly 4 hours after HW at Nelson and can exceed 3 knots. The stronger northeast (ebb) stream begins about 2 hours before HW at Nelson with flow rates up to 5 knots. Slack water lasts for about 20 minutes but is irregular; the Pass should not be attempted against the tide.
