

## 3.27 Landonline Release

eDealing release notes

Title	Auto-registration of some Caveats reinstated
LINZ Ref	LOLCM-3166, LOLCM-3081, LOLCM-2586
Description	Caveats for an 'agreement to mortgage' or 'agreement for sale & purchase' will once again be eligible to auto-register if business rules pass.
<b>Details</b>	
<p>Changes were required to the business rules supporting Auto-registration of some caveat types. These changes have now been implemented so it is now possible to re-enable auto-registration provided required information is entered and business rules pass.</p> <p>The T348 Business rule will also be reverted to only fail for a Caveat instrument if there is a prior or current interest on an affected title that requires further checking by LINZ staff.</p>	

Title	Attaching Coloured PDFs to all Landonline Request types - STEP
Enhancement	LOLCM-3307 (Internal & External)
Description	Titles and Survey, Workspace and Desktop Requests. Users now have the ability to attach colour documents.
Action	<p>Landonline already allowed the ability to attach PDF documents however these would be converted to B&amp;W images. This enhancement allows the attachment of documents in colour. Images are converted to colour tiff images to allow them to be previewed.</p> <p>Once a PDF image is attached the following message will appear instructing the user to check the conversion.</p>  <p>Three new options in the request screen allow the user to decide on a B&amp;W or greyscale format if the file size is too large for conversion to colour.</p>  <p>Note: Documents when uploaded and converted to tiff can still be saved/downloaded as PDF documents.</p> <ul style="list-style-type: none"> <li>• Menu &gt; File &gt; Save Works to save Tif or PDF - No Change to Current</li> <li>• Right Click on the images allows to save as Tif / PDF / JPEG - No Change to current</li> </ul>
