Subject: Awataha Marae - Drainage/subsidence issues

Hi Jan, [s 9(2)(a)]

I refer to the attached emails from the North Shore City Council (and Marae) regarding subsidence and stormwater issues affecting council facilities, neighbouring Transit owned land and the LINZ land that is occupied by the Awataha Marae.

The council is seeking LINZ approval to enter the site to undertake geotechnical tests on the land to determine the cause and extent of the problem.

Having read the email i have no problem with what is proposed by Council as council has indicated it will liaise with the marae regarding access and site investigations. The marae is also eager to have this issue investigated - refer attached email.

Could you please confirm you are happy for the Council to proceed with the investigations at its cost

Regards
