Hi Bart,

Thank you for coming back to us within the timeframe promised. Yes, it does seem like this is a backwards step, as we had been advised some time ago that LINZ's lawyers were at the state of preparing the Agreement. In any event, we have passed your recent letter on to our client, and will come back to you once we have instructions. Does LINZ intend on issuing an invoice/credit note for the \$2,840 fee? If so, can we please have this straight away to arrange payment.

As you know, the amount of time being taken at each stage during this process has been an on-going factor for our client. Therefore, to enable expectations to be managed for both parties involved, would you please provide us with an indication of timing for the remaining steps as set out in your letter.

Regards,

Hi Georgina,

Please find the attached letter formally advising you of the determination (decision) to vest reclaimed land in your clients name. (the previous advise from April dated 21 May was insufficient from the Crowns perspective).

The key points in the letter which may not been advised to you previously are that

- a) two Records of Title will offered,
- b) there will be a memorial on each title in accordance with section 44 of the Act and
- c) that there is a fee payable.

I am sorry that this may feel like a slightly backward step but it is for the benefit of a smoother process going forward.

As soon as I have confirmation that you accept the conditions of sale and LINZ are in receipt of the fee I will be able to progress the next steps.

Should you have any queries please give me a call.

Regards

Bart

My apologize for not being in touch as promised.

I have been swamped with work and have not given the processing of your application the attention it deserves.

There has been no progress with the next steps mentioned in my I emailed to you on 13 June.

The earliest I can focus on it will be the week beginning 26 August. I will be in touch during that week.

Hi Georgina and Vanessa,

I have just requested a solicitor prepare a sale and purchase agreement to reflect the decision to offer the property to your clients. I will need to get that signed by the delegatee and an invoice prepared for the 10% deposit. I need to have a Gazette Notice prepared and lodged and once you have signed the Sale and Purchase agreement instruct our lawyers to oversee settlement. Then I will prepare a request for a Record of Title be created.

We would be grateful of an update on this matter, and the steps required to happen from here. I have cc'd in my supervising Partner Vanessa, as I am away for a few weeks from the end of next week (14 June). Please direct all future correspondence to both of us.

You mentioned in your most recent email that you had a few things to do at your end and then you would come back to us. However It would be really helpful if you could step out the process from here to obtaining Titles, so that I can obtain any required instructions/funds/signatures from our client prior to my departure next week.

Hi April,

Thanks for your email, however I'm sorry to hear about your accident. I hope your recovery is going well.

Yes, our client would be grateful for an update. Further, as you are aware, our client is keen to have this matter finalised (given the time that has elapsed). They have queried whether it would be helpful if they meet with the LINZ decision-makers/the Minister to continue with progress and they are happy to travel to Wellington facilitate this? The appropriate contact person to arrange a meeting is Louise Aprea (PA to Dan Kneebone, Property & Infrastructure Manager, Port of Tauranga Limited) who can be contacted on 07 572 8865 or LouiseA@port-tauranga.co.nz.

We look forward to hearing from you again soon.

Hi Georgina,

Apologies for the delay in coming back to you on this - I've been away on holiday. To make matters worse, I was in a bad accident overseas and will now be away from work for some time (though will make myself available working from home as much as I can) whilst I recover enough to return to the office.

I did receive an update on the determination decision while I was on leave and it has not been forgotten - it is still being considered in Wellington. I will follow up on this again for you tomorrow or Friday and see whether I'm able to get a timeframe. The decision maker may be reluctant to be that specific for me, but I'll see what I can do and come back to you as soon as I've got more information.

I'm sorry for the time this decision has taken. These determinations are notoriously complex for our decision makers to work through and therefore they do like to take their time in considering them. That said, I'll do what I can to get some answers.

At the moment, emailing is much easier for me with my injuries than speaking on the phone, so if it's okay with you I'll come back to you via email with any updates.

Kindest Regards,
April.

Subject: Port of Tauranga Limited - Application for freehold interest in reclaimed land at Sulphur Point, Tauranga - Update

Importance: High

Hi Georgina,

Happy New Year. I hope you had a lovely break.

This email is to advise that the final determination for the grant of a freehold interest in Sulphur Point, Tauranga, has today been sent to Wellington for its final peer review and then a decision by the Minister's delegate.

These determinations require a number of different signatures from LINZ officials that have exceptionally high workloads, so often a decision can take a few weeks, without the added complication of people returning to work on different dates after the New Year. However, I have diarised a number of follow ups to ensure that the determination keeps moving through the process as quickly as possible. I will be in touch as soon as I hear back.

In the meantime, if you or your client require additional updates, please do not hesitate to be in touch.

Kindest Regards,

April Hussey

Hi April,

We refer to your email of 19 December 2018 (in the email chain below), and comment on your points in the same order:

1. Our client has advised that its Board has today approved the LINZ valuation figures, see **attached** letter.
2. Noted.
3. Thank you for setting this out, it is helpful.
4. As above.

Our client advises that the valuation invoice was paid on 7 December 2018.

Happy Christmas & safe travels. We look forward to hearing from you in the New Year.

Kind regards

Hi Georgina,

Unfortunately, I'm one of the last to leave for the holidays so I would advise you just send to me as usual. I'll be able to check my emails on Friday prior to leaving the country and can likely confirm receipt for you if needed.

I won't be able to put anything up to the Ministers delegate for a decision until they return in the New Year, and until I've had a chance to properly work through the Iwi information you've provided and update the determination accordingly. I'm going to make this a focus for me in early January. Thus we won't be 'losing' any time as such, even if written confirmation of the accepted figures is only sent to me. I'll be endeavouring to move things along as quickly as I can once I return to the office but this will be affected slightly by the availability of the required signatory.

I'll keep you updated over the New Year period but I don't imagine there will be anything further to advise prior to your return to work on the 14th.

Please let me know if you or your client have any further questions.

Kindest regards,
April.

Thanks for your email April – I will pass it on.

I am advised that we should have notice of Board approval (or otherwise) this Friday, 21 December 2018. Given you are away on that date, is there someone else we can contact on that date (as well as

yourself) to keep the wheels in motion as I am not back in the office until 14 January 2019.

Hi Georgina,

Thank you for your email of 5 December 2018. I confirm receipt of the attached memo and supporting documents and apologise for the delay in coming back to you on this matter.

1. I understand that the consideration figures require advance approval from the Board and I can confirm that I will not forward the determination to the Minister's delegate until such time as I have received written confirmation from them that these figures are acceptable. I will be away from the office from the 20th of December until the 7th of January, so if confirmation from the Board is not available until mid-January or later then this isn't an issue.
2. I will be considering the information provided around the liaison with Ngāi Tamarawaho in the New Year and will come back to you if I have any questions on this. Many thanks for including the information requested in your response.
3. Should the Minister's delegate approve the grant of a freehold interest, the process is as follows:
 - I will advise you and your client of the decision via a letter which will also set out what, if any, conditions apply to the granting of the interest;
 - I will require formal acceptance from your client (in the form of a written undertaking) of the conditions of the approval and that they will be complied with;

- Your client will be required to make a formal application for the vesting of the freehold interest in the land in accordance with s39(1) of the Act. I understand that this is largely satisfied by your client accepting any conditions in writing and making payment of \$2,840.00 to LINZ, as provided for in clause 6 of the Marine and Coastal Area (Takutai Moana) Reclamation Fee Regulations 2012;
 - I will advise the Minister's delegate that all matters under s39(1) of the Act have been satisfied and arrange for a Gazette notice and Sale and Purchase Agreement (ASP) to be drafted;
 - The ASP will be executed by the Crown and will be forwarded to you for execution by your client (by an authorised signatory). Evidence that the signatory is authorised to sign will be required;
 - The ASP is required to be returned to LINZ and a 10% deposit paid. The remainder of the consideration will become payable on an agreed settlement day;
 - Your client is to confirm who is acting for them with respect of this transaction;
 - When confirmation of funds is received on settlement day LINZ will arrange for the published Gazette notice to be lodged with the Registrar-General of Land together with a request for a new title to be issued in the name of your client. The new title will record that the land is reclaimed land subject to subpart 3 of Part 2 of the Act and that it is subject to s44 of the Act which covers the restrictions on future disposition of the freehold interest;
 - LINZ will arrange for our solicitor to undertake the lodging of the Gazette notice and the raising of the new title through e-dealing. Our solicitor will liaise with whomever is acting for your client with regards to that transaction to complete settlement.
 - A copy of the title will be provided to your client.
4. The trigger point and required timing for payment of the consideration is outlined above. A settlement date will be agreed between parties later on in the process.

In terms of payment for the costs of the LINZ valuation - if these have not been paid already, please ensure that your client is aware of the need for these to be paid as soon as possible.

Please don't hesitate to come back to me if you have any questions on this process.

Kindest Regards (and Merry Christmas),

Morning Georgina,

Please find attached the draft report for determination of an application for a grant of a freehold interest for reclaimed land at Sulphur Point, Tauranga.

The attachment list is as follows:

Attachment 1 – Survey Office Plans
Attachment 2(a) – s33(2) Certificate for Section 1 SO 464237 (Northern Reclamation)
Attachment 2(b) – s33(2) Certificate for Section 1 SO 59443 (Southern Reclamation)
Attachment 3 – Plans and Aerial Images
Attachment 4 – Council District Planning Map & Legend
Attachment 5 – Resource Consent (Northern Reclamation)
Attachment 6 – Letter from Office of Treaty Settlements

Attachment 7 – Cultural Values Report
Attachment 8 – Sulphur Point Valuation Report
Attachment 9 – Reclamation Valuation Methodology
Attachment 10 – Heritage New Zealand Response & Report
Attachment 11(a) – s245 Certificate for Northern Reclamation
Attachment 11(b) – Gazette Notice & Plan for Southern Reclamation
Attachment 11(c) – s245 Certificate for Southern Reclamation

There are 14 attachments in total (plus the draft determination document).

Due to the size of these attachments, some will follow in a separate email. Attachments 1 – 4 should be attached herewith. Please come back to me if you don't receive all of the attachments by lunchtime today and I will arrange for these to be resent. Please also advise whether either you or your client require a hard copy of this information to be posted.

You will note that the draft determination document is in PDF format, is unsigned, and contains a number of highlighted sections. Please have PoT make any comments in an email and reference each to the applicable paragraph in the draft determination. The document will be signed by me once any comments have been received from PoT and considered for incorporation into the document. The determination will then come out of draft form and be submitted to the appropriate delegates for their decisions and signatures. The highlighted sections in the draft demonstrate that the work is underway or indicates that content may change before the determination is finalised.

Please draw your client's specific attention to paragraph (f) under the 'Application' section of the draft determination. This refers to PoT's engagement with Buddy Mikaere of the Ngāi Tamarawaho Environmental Unit, on the recommendations contained in the Cultural Values Report. When PoT submit their comments on the draft determination for LINZ to consider, please also include copies of the communication between PoT and Buddy (or another appropriate liaison), or evidence of a side agreement that has been signed by both parties, so that LINZ can be satisfied that the cultural and environmental values set out in the report will be properly considered and provided for by PoT. If this information is not available, LINZ may require PoT to enter into an additional agreement with either iwi or LINZ that covers off the requirement to abide by the recommendations made in the Cultural Values Report prior to the issuing of freehold title.

Please advise your clients to take time to read through all the attached documentation and make any comments as outlined above. Upon receipt of any comments LINZ will consider each and make changes to the draft determination as deemed necessary. If there are no comments that PoT wish to make then that is fine, please just advise me that this is the case and I will prepare the draft for signing. Evidence of communication with iwi can be sent through to me for consideration at any time.

Now that the draft determination is complete I will arrange for an invoice to be forwarded on to you for payment of the valuation cost, as advised by LINZ on 29 May 2017 and agreed

to by PoT on 30 May 2017. The total amount of the invoice will be \$12,905.00 plus GST (\$14,840.75 inclusive). Please let me know if there are any queries on this matter.

Don't hesitate to come back to me if you or your client have any questions. Again, my sincere apologies for the delay in getting this out to you.

Hi Georgina,

I have this afternoon sent a copy of the draft determination document off for peer review.

I am now working away from the office (and will often be without access to my emails) until Monday 19 November. However, I hope that the peer review will be completed by the time I return and I'll be able to have something to you by the 23rd.
