Glossary of Terms

“Total Area” represents the total land area proposed to be acquired under consents granted during the relevant period. The figure will include land that is proposed to be acquired by New Zealand interests as well as overseas interests (for example, under a New Zealand/Australian joint venture).

“Total Area Net” represents the total land area proposed to be transferred into foreign ownership under consents granted during the relevant period. For example, if a New Zealander sells 10 hectares to someone from overseas, the whole 10 hectares is shown. However, if the seller was a company that was 50% New Zealand owned and 50% foreign owned then only five hectares would show in that column. Five hectares represents the "net" change in foreign ownership of New Zealand land.

“Freehold” represent fee simple

“Non-Freehold” includes leases, crown pastoral leases forestry rights
