## Request to burn vegetation

### Section 15 Crown Pastoral Land Act 1998

**What are the reasons for burning and how does it benefit the farming operation?**

---

---

---

---

---

---

---

---

**Specify any adverse impacts on the land as a result of burning vegetation (soil, water, vegetation, conservation or other natural values) :**

---

---

---

---

---

---

---

---

---

---

**What are the mitigation measures intended to negate these adverse effects?**

---

---

---

---

---

---

---

---

---

**Is the consent for burning vegetation sought on an ongoing basis?** YES / NO

---

**If consent is sought on an ongoing basis, explain the ongoing programme in terms of the consent sought :**

---

---

---

---

---

---

---

---

---

---

---

**Provide details of any other concurrent applications made in relation to the lease/licence that are not shown on Page 1 :**

---

---

---

---

---

---

---

---

---

---

---

**Identify all required resource consents or permits :**

---

---

---

---

---

---

---

**Provide any other relevant information that should be considered with this application :**

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

**The following information is required for each area proposed to be burned:**

|  |  |
|--|--|
| Block Name (or vegetation type)  |  |
| Area (ha) to be burned   |  |
| Altitude (range)   |  |
| Aspect/slope   |  |
| Rainfall   |  |
| Percentage cover of hawkweeds  |  |
| Target vegetation to be burned (briar, matagouri, bracken)   |  |
| Is the target vegetation to be burned felled or will it need to be felled prior to burning?  |  |
| Date area last burned  |  |
| Alternatives to burning  |  |
| If over sown, when was area last over sown?  |  |
| If top dressed, when was the area last top dressed?  |  |
| <p>Intended post-burn management, including:</p> <ul style="list-style-type: none"> <li>• spelling period</li> <li>• class of livestock, numbers and duration of grazing</li> <li>• over sowing cultivars and timing</li> <li>• fertiliser type/rate</li> </ul> <p><b>NOTE: If you do not have current consents to oversow/topdress and this forms part of your post-burn management, then please request these consents now</b></p> |  |

**Have you provided a farm map, showing the location of the activity/ies proposed?**

## Request to clear of fell bush or scrub

Section 16(1)(a) Crown Pastoral Land Act 1998

---

**What is they type of bush or scrub proposed to be cleared or felled?**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**How will the bush or scrub be cleared or felled? (i.e. will it be removed, if so how) :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Is it intended to sell any timber?**

YES / NO

---

**What is the purpose of removal of the bush or scrub?**

.....

.....

.....

.....

---

**Explain any development programme planned for the area following removal of the vegetation :**

.....

.....

.....

.....

.....

.....

.....

.....

---

**Explain whether this is also a request for on-going clearing of any re-growth on this area, and if so, provide details :**

.....

.....

.....

.....

---

**How will the work applied for make it easier to farm?**

---

---

---

---

---

---

---

---

---

**Describe any adverse impacts on the land as a result of this work (soil, water, vegetation, conservation or other natural values) :**

---

---

---

---

---

---

---

---

---

---

---

**Describe the mitigation measures intended to negate these adverse effects :**

---

---

---

---

---

---

---

---

---

**Provide details of any other concurrent applications made in relation to the lease/licence that are not shown on Page 1:**

---

---

---

---

---

---

**Identify all required resource consents or permits :**

---

---

---

---

---

---

**Provide any other relevant information that should be considered with this application :**

---

---

---

---

---

**NOTE: If this programme includes draining, cultivation, sowing with seed, application of fertiliser, planting trees, making tracks or any other activity that is 'disturbing the soil' then further applications to the Commissioner of Crown Lands for consent to do that work will also be required.**

**Have you provided a farm map, showing the location of the activity/ies proposed?**

## Request to crop, cultivate, drain or plough

### Section 16(1)(b) Crown Pastoral Land Act 1998

**NOTE:** Consent is required before the work is carried out. Consent is also required if the area has been cropped, cultivated, drained or ploughed previously unless express prior consent has been given by the Commissioner of Crown Lands for the maintenance for that particular work on that particular area.

---

**Describe the nature of the consent(s) requested and fully explain the work planned :**

---

---

---

---

---

---

---

---

---

---

---

**Describe the type of land and the type of vegetation cover to the request to crop, cultivate, drain or plough applies :**

---

---

---

---

---

---

---

---

---

---

---

**Is this also a request for continuing (or the maintenance of) this activity?**

YES / NO

---

**If this is a request for continuing (or the maintenance of) this activity, explain what the longer term programme is likely to be in terms of the consent you are seeking :**

---

---

---

---

---

---

---

---

---

---

---

---

---

**Identify the general purpose for doing this work and the expected benefits to the farming operation :**

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

**Identify any adverse impacts on the land as a result of this work (soil, water, vegetation, conservation or other natural values) :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Identify the mitigation measures intended to negate these adverse effects :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Provide details of any other concurrent applications made in relation to the lease/licence that are not shown on Page 1 :**

---

---

---

---

---

---

**Identify all required resource consents or permits :**

---

---

---

---

---

---

---

---

**Identify any other relevant information that should be considered with this application :**

---

---

---

---

---

---

---

---

---

---

---

**Have you provided a farm map, showing the location of the activity/ies proposed?**

## Request to top dress and/or sow seed

Section 16(1)(c) and (d) Crown Pastoral Land Act 1998

**NOTE: Topdressing refers to the aerial or ground application of both lime and all fertiliser.**

---

**Outline the previous (over) sowing and fertiliser history for the areas (hill country and paddocks) applied for :**

---

---

---

---

**Describe the type of vegetation cover :**

---

---

---

---

**Explain the expected (aerial and/or drill) sowing and topdressing programme on the paddocks and hill country (eg liming? type of fertiliser and frequency of application, pasture species) :**

---

---

---

---

---

**Identify whether the area applied for will be part of an ongoing maintenance programme and whether this is also therefore a request for the on-going sowing of seed and application of maintenance fertiliser :**

---

---

---

---

---

---

**Outline the expected benefits from the sowing and topdressing programme (eg, carrying capacity, production, vegetation cover) :**

---

---

---

---

---

---

---

---

---

**Identify any adverse impacts on the land as a result of this work (soil, water, vegetation, conservation or other natural values) :**

---

---

---

---

---

---

---

---

---

**Identify the mitigation measures intended to negate these adverse effects :**

---

---

---

---

---

---

---

---

---

---

---

**Provide details of any other concurrent applications made in relation to the lease/licence that are not shown on Page 1 :**

---

---

---

---

---

**Identify all required resource consents or permits :**

---

---

---

---

---

---

**Identify any other relevant information that should be considered with this application :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Have you provided a farm map, showing the location of the activity/ies proposed?**

## Request for planting trees

### Section 16(1)(e) Crown Pastoral Land Act 1998

---

**Identify the purpose of the tree planting (e.g. commercial forest, shelter belt, conservation, amenity, blanking existing plantings) :**

---

---

---

---

---

**Describe the site(s) where the trees are to be planted (contour, ground cover, altitude) :**

---

---

---

---

---

---

---

---

---

**Identify the species to be planted :**

---

---

---

---

---

---

---

---

**Identify the approximate area or length to be planted :**

**Area :**

**Length :**

|  |          |
|--|----------|
| <b>Is this also a request for replanting and on-going tree planting?</b> | YES / NO |
|--|----------|

**Describe the potential for the proposed trees to spread as wildings :**

.....

.....

.....

.....

.....

**Identify the steps that would be taken to manage wildings if a weed problem develops from these plantings :**

.....

.....

.....

.....

.....

.....

.....

.....

---

**Outline the benefits of the potential plantings (e.g. stock shelter, soil stability, water quality, amenity, timber) :**

---

---

---

---

---

---

---

---

---

**Identify any adverse impacts on the land as a result of this work (soil, water, vegetation, conservation or other natural values) :**

---

---

---

---

---

---

---

---

---

**Identify the mitigation measures intended to negate these adverse effects :**

---

---

---

---

---

---

---

---

---

**Provide details of any other concurrent applications made in relation to the lease/licence that are not shown on page 1 of this request :**

---

---

---

---

---

---

**Identify all required resource consents or permits :**

---

---

---

---

---

---

**Identify any other relevant information that should be considered with this application :**

---

---

---

---

---

---

---

---

**Have you provided a farm map showing the location of the activity/ies proposed?**

## Request for tracking or forming any path or road

### Section 16(1)(f) Crown Pastoral Land Act 1998

**NOTE:** Consent is required before the work is carried out. Consent is also required if the track exists and it is planned to do maintenance works unless prior consent has expressly been given by the Commissioner of Crown Lands for maintenance of that particular track. Any conditions under a prior consent must have been complied with.

If the request is for track maintenance, complete Question 1, then go to Question 8 and complete the rest of the form.

If the request is for a new track, go straight to Question 2, then complete the rest of the form.

- 
- 1. Provide information about the tracks to be maintained (e.g. condition and standard of construction, purpose and use) :**

---

---

---

---

---

---

---

---

- 
- 2. Identify the reasons for building a new track :**

---

---

---

---

---

---

---

---

---

**3. Describe how the new track would make it easier to farm :**

---

---

---

---

---

---

---

---

---

**4. Describe the type of track proposed (for stock or vehicles, grade, width of the carriageway excluding batters and water table) :**

---

---

---

---

---

---

---

---

---

---

---

**5. Describe site factors (e.g. contour, aspect, vegetation, waterway crossings):**

---

---

---

---

---

---

---

---

---

**6. Describe any structures required for the track (e.g. culverts, bridges) :**

.....

.....

.....

.....

.....

.....

.....

.....

---

**7. Identify the estimated length of the new track :**

.....

.....

.....

---

**8. What is the purpose of the tracking?**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**9. Identify any landscape issues to address and how it is planned to minimise any effects of tracking and maintenance on the landscape :**

---

---

---

---

---

---

---

---

---

---

---

**10. Identify any adverse impacts on the land as a result of this work (soil, water, vegetation, conservation or other natural values) :**

---

---

---

---

---

---

---

---

---

---

---

**11. Identify the mitigation measures intended to negate these adverse effects :**

---

---

---

---

---

---

---

---

---

---

---

**12. Provide details of any other concurrent applications made in relation to the lease/licence that are not shown on page 1 of this request :**

.....

.....

---

**13. Identify all required resource consents or permits :**

.....

.....

.....

---

**14. Identify any other relevant information that should be considered with this application :**

.....

.....

.....

.....

---

**Have you provided a farm map showing the location of the activity/ies proposed? The map must show:**

- (i) the location of existing tracks where maintenance work is requested
- (ii) separately identify the planned route of any new track for which consent is requested
- (iii) the name of the block or paddocks

## Request to undertake any other activity affecting, involving, or causing disturbance to the soil

Section 16(1)(g) Crown Pastoral Land Act 1998

---

**Fully explain the work proposed :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Describe the types of land (or sites) subject to the request (e.g. vegetation cover, contour, altitude range, aspect) :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Outline the previous development history of the area (if applicable) :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Is consent for these activities sought on an ongoing basis?**

YES / NO

---

**If consent is sought on an ongoing basis, explain the ongoing programme in terms of the consent sought :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Outline the purpose of the work and how it benefits the farming operation :**

---

---

---

---

---

---

---

---

---

**Identify any adverse impacts on the land as a result of this work (soil, water, vegetation, conservation or other natural values) :**

---

---

---

---

---

---

---

---

---

**Identify the mitigation measures intended to negate these adverse effects :**

---

---

---

---

---

---

---

---

---

**Provide details of any other concurrent applications made in relation to the lease/licence that are not shown on page 1 of this request :**

---

---

---

---

---

---

**Identify all required resource consents or permits :**

---

---

---

---

**Identify any other relevant information that should be considered with this application :**

---

---

---

---

---

---

---

---

---

---

**Have you provided a farm map showing the location of the activity/ies proposed?**

## Request to grant, vary or revoke an exemption from any stock limitation

**Section 18(3)(c) Crown Pastoral Land Act 1998**

**Specify the current stock limitation in the lease / licence :**

.....

.....

.....

.....

.....

**Confirm whether the stock limitation refers to the ability to apply for the right to carry additional stock :**

YES / NO

**NOTE: If there is no ability in the lease/licence to apply for the right to carry additional stock, consent must be sought to vary the lease or licence to give such a right to carry additional stock**

**Provide details of any existing exemption from limit :**

.....

.....

.....

.....

.....

**NOTE: Exemption from limitation specified in lease / licence is personal to the current holder. Such an exemption expires when the holder ceases to hold the lease / licence**

---

**Detail whether any existing exemption applies to the lease or the lease and other land. If the exemption applies to the lease and other land, provide details of the other land such as area, tenure etc :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Detail why the proposed exemption is required, including benefits to the farming operation :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Provide supporting information for why the proposed exemption is required, e.g. details of development undertaken, numbers of stock carried and production figures for last 3 years :**

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

**If the proposed exemption is to take account of other people of other land, provide supporting information :**

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

---

**Identify any adverse impacts on the land as a result of this (soil, water, vegetation, conservation or other natural values) :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Identify the mitigation measures intended to negate these adverse effects :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Provide details of any other concurrent applications made in relation to the lease/licence that are not shown on Page 1 :**

.....

.....

.....

.....

---

---

**Identify all required resource consents or permits :**

---

---

---

---

---

---

---

---

---

**Identify any other relevant information that should be considered with this application (details of the proposed exemption are to be provided overleaf) :**

---

---

---

---

---

---

---

---

---

---

---

## Details of the Proposed Exemption / Variation from Exemption

---

**Numbers and class of stock:**

.....

---

**If expressed in stock units, state conversion factor :**

.....

.....

.....

---

**If stock to be carried for less than a year, state period to apply :**

.....

---

**If stock to be run in conjunction with other land, provide details of other land concerned such as area, tenure etc :**

.....

.....

.....

.....

.....

---

**Have you provided a farm map showing the location of the activity/ies proposed?**

# Application for consent to fell, sell, remove, destroy or burn timber or bush

Section 100 Land Act 1948

---

**Identify the location of the activity (with reference to the map of the lease/licence) :**

---

---

---

---

---

---

---

---

---

---

---

**Identify the area involved :**

---

---

---

---

---

---

---

---

---

---

---

**Specify the proposed method of felling/removing/destroying :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Detail the type of timber/tree/bush to be felled/removed/destroyed/burnt :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Is timber to be sold?**

YES / NO

---

**If timber is to be sold, estimated sale price**

\$.....

---

**Provide reasons for application, including the benefit to the farming operation :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Provide details of how the area is to be managed after removal etc :**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

---

**Identify any adverse impacts on the land as a result of this work (soil, water, vegetation, conservation or other natural values) :**

---

---

---

---

---

---

---

---

---

---

---

---

---

**Identify the mitigation measures intended to negate these adverse effects :**

---

---

---

---

---

---

---

---

---

---

---

---

---

**Provide details of any other concurrent applications made in relation to the lease/licence that are not shown on Page 1 :**

---

---

---

---

---

---

---

---

---

**If request is to burn timber or bush, is consent sought on an ongoing basis?** YES / NO

---

**If consent is sought on an ongoing basis, explain the ongoing programme in terms of the consent sought :**

---

---

---

---

---

---

---

---

---

---

---

---

---

---

**Identify all required resource consents or permits :**

---

---

---

---

---

**Provide any other relevant information that should be considered with this application :**

---

---

---

---

---

---

**If the application is to burn timber/tree/bush, the following information is required for each area proposed to be burned :**

|   |  |
|---|--|
| Block Name (or vegetation type)   |  |
| Area (ha) to be burned  |  |
| Altitude (range)  |  |
| Aspect/slope  |  |
| Rainfall  |  |
| Percentage cover of hawkweeds   |  |
| Target vegetation to be burned (briar, matagouri, bracken)  |  |
| Is the target vegetation to be burned felled or will it need to be felled prior to burning?   |  |
| Date area last burned   |  |
| Alternatives to burning   |  |
| If over sown, when was area last over sown?   |  |
| If top dressed, when was the area last top dressed?   |  |
| Intended post-burn management, including: <ul style="list-style-type: none"> <li>• spelling period</li> <li>• class of livestock, numbers and duration of grazing</li> <li>• over sowing cultivars and timing</li> <li>• fertiliser type/rate</li> </ul> <p><b>NOTE: If you do not have current consents to oversow / topdress and this forms part of your post-burn management, then please make requests now for these consents</b></p> |  |

**Have you provided a farm map showing the location of the activity/ies proposed?**
