

Release notes for conveyancers

Changes for lawyers and conveyancers as part of Landonline Release 3.11.

This release covers these issues and enhancements:

[Find Dealing/Request screen not always highlighting the dealing in the workspace tree \(#find-dealing\)](#)

[Māori Land Flag Message and Business Rule wording changes \(#maori-land\)](#)

[Changes of Email address details need further validation \(#email-changes\)](#)

() Find Dealing / Request screen not always highlighting the dealing in the workspace tree

Searching for e-dealings or requests via the Find Dealing/Request screen did not always highlight the selected dealing in the workspace tree.

The Find Dealing/Request screen is used to locate exactly where a dealing or request can be found in the Workspace Tree view.

Client Reference	Dealing Number	Last Updated By	Last Updated Date
	20000003	BrettTercel	4/05/2015 17:01:00
	20000004	BrettTercel	4/05/2015 17:17:00
	20000005	BrettTercel	4/05/2015 17:15:00
	20000023	BrettTercel	5/05/2015 11:15:00
	20000038	BrettTercel	5/05/2015 17:52:00
	20000043	BrettTercel	6/05/2015 08:34:00

Where a search was performed on dealings associated to another person in the firm and a dealing was selected from the Search Results area, the system displayed the folders for the person with the dealing under All Work, but the dealing itself was not highlighted.

This has been fixed to ensure the dealing does have focus in the tree after the search is completed.

Q Māori Land Flag Message and Business Rule wording changes

To improve usability two small changes have been made.

1. Māori Land Report that accompanies Searches:

To make the report more usable it has been changed to appear with larger font and in a slightly reformatted layout. The information conveyed though is unchanged:

Computer Register(s)	
493789	Identified as potentially Maori Freehold Land
498640	Identified as potentially Maori Freehold Land
503541	Identified as potentially Maori Freehold Land
509924	Identified as potentially Maori Freehold Land
510342	Identified as potentially Maori Freehold Land
513235	Identified as potentially Maori Freehold Land

*** End of Report ***

2. Business Rules T115:

Business Rule T115 checks that appropriate certifications have been made for Māori Land. There has been a cosmetic update to the Business Rule failure item from how it used to display:

Certificate of title <x> is flagged as having Māori Freehold land status. Compliance with the Te Ture Whenua Māori Act 1993 may be required

to

Certificate of title <x> is potentially Māori Freehold land. Compliance with the Te Ture Whenua Māori Act 1993 may be required.

Q Changes of Email address details need further validation

Additional checks on email addresses have been added to Landonline

Landonline runs some checks on email addresses when they are added to the system e.g. via My Details as part of a persons contact information. However checks weren't being run when existing email addresses were updated, but this has now been rectified.

There is still a requirement for people to carefully check email addresses when these are added or edited as the system can only run basic checks and not verify all of the details.

For reference, the checks that are performed are as follows:

1. Only valid characters are used, and a single @ character appears between the local and domain parts.
2. That a 'full stop', if used, is not at the beginning or end nor used consecutively. For example the following is a valid address “a.little.lengthy.but.fine@dept.example.com (<mailto:a.little.lengthy.but.fine@dept.example.com>)”.

As noted – please continue to carefully check email addresses on entry.
